International students, please see below for information on transcript evaluation. International students planning to study in New Jersey should see below for additional required documents.

4. What if my undergraduate or graduate degree is from another country?

Students who have attended college or university outside of the United States must have their transcripts officially translated and evaluated on a course-by-course basis by an accredited agency. A listing of accredited agencies can be found at <http://www.naces.org/members.htm>.

International students planning to study in New Jersey must also provide documentation necessary for completion of an I-20 form.

Your completed handbook, along with all supporting documents, must be submitted to the Office of Graduate & Advancing Education. - Bank affidavit showing the ability to pay for the first year of study and living expenses as well as additional costs for dependents
- Copy of passport information

Questions concerning these documents and the I-20 process should be directed to the Center for Global Engagement, at iss@tcnj.edu.

5. When and where do I take the GRE?

- The standardized test, if required, must be completed in time for scores to be provided to TCNJ by the established application deadline date. GRE information may be obtained from ETS at www.gre.org or 1-800-GRE-CALL. For the current GRE waiver policy, please see <http://graduate.tcnj.edu/apply/>.

6. What if I miss the application deadline?

Refer to #1 for next appropriate deadline. If you miss the deadlines to apply for matriculation, you may still apply as a non-matriculant for the fall or spring terms*, or as a visiting student for the summer term. If you miss the non-matriculation deadlines, you will have to wait and apply for the next admission term. A student's status as a Non-matriculated or visiting student does not guarantee admission upon applying for matriculation.

* NOTE: Please see exceptions under #1/Note.

7. Who is considered a Non-Matriculated student?

Qualified applicants who wish to pursue graduate studies for professional development or personal growth may apply for admission under the status of Non-Matriculation. Applicants must hold a bachelor's degree from a regionally accredited institution in the U.S. or proof of equivalent from a foreign university. Minimum GPA requirements are 2.75 cumulative or 3.0 GPA in undergraduate major field of study.

Priority Consideration Deadlines to apply for Non-Matriculation* are as follows:

August 1 for Fall Non-Matriculation

December 1 for Spring Non-Matriculation

** There is one deadline to apply for fall non-matriculation in Counselor Education. That deadline is August 1st.
There is one deadline to apply for spring non-matriculation in Counselor Education. That deadline is January 7th.*

Applications for Non-Matriculation are available at <http://graduate.tcnj.edu/apply/>. Non-Matriculation applications should be accompanied by official transcripts from all undergraduate and graduate institutions, a student essay, resume, and an application fee. Application for non-matriculation is competitive and enrollment is on an as-available basis.

Non-Matriculation students have one year from the time of initial enrollment to matriculate into a degree or certificate program in order to utilize six non-matriculation credits toward the degree/certificate. Failure to matriculate in this timeframe will negate the use of these credits toward a degree or certificate at TCNJ.

As noted above, non-matriculation is not a category of admission available for students interested in the MEd Educational Leadership: Instruction program (offered in conjunction with the RTC) or the MAT Secondary Education programs.

8. Who is considered a visiting student?

A graduate visiting student is a non-matriculant who takes summer courses at our Ewing campus.. A graduate visiting student may take a maximum of 3 courses, but as with fall/spring non-matriculation, only a maximum of two courses (6 credits) can be used toward a degree or certificate program if you apply and become accepted for matriculation. A global visiting student is a non-matriculant who takes summer or academic year courses at one of our global sites. A global visiting student may take a maximum of 3 courses which can be used toward a degree or certificate program if you apply and become accepted for matriculation.

Students wishing to take summer courses in Ewing should contact the Office of Summer Programs at <http://summer.tcnj.edu> or 609-771-2369.

Students wishing to take courses at one of our global sites should contact The Office of Off-Site Graduate Programs at osgp@tcnj.edu. Global students are encouraged to apply for matriculation as there is no guarantee that courses taken as a visiting student will count toward a degree. Information on our Global locations and programs can be found at <http://offsitegrad.tcnj.edu/programs/>.

9. When will I find out if I have been accepted?

All students will receive notification of the admission decision via U.S. mail approximately six weeks after the priority deadline, or if applying after the priority deadline, approximately six weeks after submission of a completed application. Applications that arrive prior to the priority deadline are not reviewed until the deadline passes. Only applications that are fully complete will be sent to program admission committees for consideration.

Graduate Assistantships

10. How do I apply for a Graduate Assistantship, and when will I know if I receive one?

The Graduate Assistantship application becomes available online in January of each year and can be found at <http://graduate.tcnj.edu/graduate-assistantships/>. The submission of the application along with resume is due by April 15th of each year. Completed applications are filed with the Office of Graduate & Advancing Education and are reviewed as needed by faculty and staff from various campus departments and programs prior to the start of each semester. Supervisors from these departments contact candidates directly to arrange interviews. A minimum of a 3.0 cumulative undergraduate GPA is required. Positions are limited and not all those who apply will be hired.

* For the 2018-2019 academic year, in exchange for service to TCNJ, Graduate Assistants will be awarded a tuition waiver of \$10,000.00 per academic year (\$5,000 per semester for fall and spring).
