Creating Agents of Change
Creating Agents of Change is the conceptual framework for professional education at The College of New Jersey, guiding all programs in the School of Education and throughout the College. Based on current thinking, research, and practice regarding the nature of learning, teaching, schooling, and leadership, the framework supports the creation of an informed, active, and reflective educator and practitioner who is effective in influencing positive change in multiple academic, clinical, and professional settings. The mission statement and guiding principles define our shared vision of Creating Agents of Change.

Mission Statement
Consistent with The College of New Jersey’s clear public service mandate, The School of Education is committed to preparing exceptional teachers and clinicians. The basic tenet underlying our practice is our accepted truth that all individuals can learn and grow, and deserve schools/clinics and teachers/clinicians that respect their individual needs and circumstances while striving to give them the knowledge and skills to be successful in the larger society. Furthermore, we accept as truth the ideal that education is key to addressing the inequalities that exist in society, and that teachers and other school professionals can and should agents for positive social change.

Therefore, through ongoing partnerships with our colleagues in K–12 education and state government, faculty of the School of Education remain dedicated to the core mission of producing high-quality professionals who possess solid content knowledge, demonstrated clinical competence, and a clearly articulated belief that all individuals deserve the highest quality practices in their schools and clinics.

Guiding Principles
The following five principles form a statement of beliefs that provides a framework that guides our day-to-day practice.

Principle One: Demonstrating Subject Matter Expertise. We believe that teaching is a profession. As such, professional teachers should develop a solid base of knowledge in such areas as literacy, numeracy, child development, learning theory, exceptionality, and pedagogical techniques. All teaching candidates will complete their programs at The College of New Jersey eligible to be considered “highly qualified.”

Principle Two: Demonstrating Excellence in Planning and Practice. We believe that our professional candidates must develop sophisticated pedagogical knowledge to design and implement effective instruction or interventions. They should possess an in-depth understanding of human growth and development to enable them to make developmentally appropriate decisions. They should be fully immersed, in both the college classroom and in the field, in a social-constructivist perspective of learning and its implications for student-centered planning, scaffolded learning experiences, and the use of a wide repertoire of instructional strategies, including appropriate use of current technology.

We believe that our professional candidates should appreciate the importance of a productive learning environment in which teachers and children communicate effectively and respectfully.

Principle Three: Demonstrating a Commitment to ALL Learners. We believe that our professional candidates should have the skill and the will to help all learners reach their full potential. Our candidates must believe in the ability of all students to learn and grow, must be able to implement the principles of culturally responsive teaching and differentiated instruction, and must understand the importance of partnerships with families, community members, and other professionals to address children’s diverse needs. We believe our candidates need to experience diverse teaching/clinical settings in their programs at TCNJ and that students should be encouraged and supported to take advantage of opportunities to develop global perspectives through study abroad and international student teaching.

Principle Four: Demonstrating a Strong, Positive Effect on Student Growth. We believe that our professional candidates must see their success in terms of the progress made by their students. We are supportive of the underlying principle that all children should make progress in school. Our candidates must understand how to accurately assess their learners’ strengths and needs through a variety of assessment tools, and how to use assessment information to provide effective data-driven instruction or interventions. Our candidates must also demonstrate an ability to effectively communicate information to a variety of audiences, including parents and guardians.

Principle Five: Demonstrating Professionalism, Advocacy, and Leadership. We believe that our professional candidates need to continue to develop their theoretical knowledge and practical skills well after they complete their program and enter their chosen career. As we strive to admit highly capable, high-achieving candidates into our program, we believe that our candidates are in a unique position to become future leaders, advocating not only for the needs of children and youth in New Jersey, but also for the educational professions at large. Our programs focus on developing reflective thinking skills, as well as providing opportunities for our candidates to participate in various field experiences that require them to see themselves as professionals and to take on leadership roles.

Graduate Study in Education
Education at the graduate level is vital to realizing the School of Education’s mission in the preparation and ongoing professional development of educators and clinicians. Through graduate study, students may prepare to enter a new field or to develop and enhance skills and abilities critical to maintaining excellence in the practice of the profession to which they already belong. Graduate study emphasizes depth of knowledge; the importance of drawing critical connections among theory, research, and practice; and the ongoing need to approach one’s work in a spirit of inquiry. The degree and non-degree programs described below within departments exemplify the School of Education’s commitment to providing leadership and maintaining excellence across the continuum of professional practice.

In addition to meeting all specific program requirements and passing all state-required licensure exams, the following items are required for NJ State-issued certification to work in NJ schools:
1. Candidates for instructional certificates shall have completed a course or shall pass an examination in health and physiology issues. [NJ Administrative Code, section 6A:9-5.9]

Information is available at the TCNJ Certification Office.

3. Candidates for all types of certificates must also demonstrate proficiency in basic skills as evidence by a passing score on a Commissioner approved test of basic skills, such as the GRE, SAT, or ACT. If a passing score is not demonstrable, the candidate must take and pass the Praxis Core exam (separate from the Praxis I). More information can be obtained from the certification webpage found here: http://education.tcnj.edu/offices-partnerships/certification/
Master of Arts in Teaching
The Master of Arts in Teaching program consists of a core of courses that all degree candidates will complete, plus various specialization courses to meet state certification requirements in a particular discipline. The specialization disciplines currently include early childhood education, elementary education, secondary education, and special education.

The program provides an immersion option that will allow a cohort of full-time students to complete the program in one academic year beginning and ending with a summer session. Students who are employed full time may complete the new program on a part-time basis beginning in the summer or fall.

In order to become certified, students successfully completing the Master of Arts in Teaching program must take and pass the PRAXIS Examination in their area of specialization and must also complete the state of New Jersey hygiene-physiological requirement.

Early Childhood—Special Education (ECSE_MAT 01)—Five-Year Program (for TCNJ students only)—Full Five-Year Undergraduate/Graduate Program
Jody Eberly and Nadya Pancosfof, Co-Ordinators, Graduate Program in Early Childhood-Special Education (MAT)

The Department of Elementary and Early Childhood Education and the Department of Special Education, Language, and Literacy offer a program that prepares students to be early childhood teachers of students both with and without disabilities. Education of the Deaf and Hard of Hearing/Elementary Education (DHHA_MAT01)—Five-Year Program (for TCNJ students only—Full Five-Year Undergraduate/Graduate Program)

Barbara K. Strassman, Coordinator, Graduate Program in Deaf and Hard of Hearing/Elementary Education (MAT)

The Department of Special Education, Language, and Literacy offers a program that prepares students to be teachers of the Deaf and Hard of Hearing. This five-year program, featuring a dual major in a content area and d/Deaf education, culminates in a Master of Arts in Teaching degree and New Jersey teaching certifications in education of the deaf and hard of hearing and in elementary education K-6. The program meets the standards and requirements of:

- Council for Accreditation of Educator Preparation (CAEP)
- New Jersey State Department of Education
- Council on the Education of the Deaf (CED)

At the end of the fourth year, students earn a bachelor’s degree in their liberal arts major and in education of the deaf and hard of hearing without certification. The course of study continues through the following summer and academic year and culminates in a Master of Arts in Teaching degree. Graduates of the program are then eligible for certifications as Teacher of the Deaf or Hard of Hearing, Oral/Aural Teacher, of the Deaf or Hard of Hearing Sgn Language Communication, and Elementary School Teacher in Grades K-6, all subjects. Above the 6th grade level, candidates are eligible for employment with Deaf or Hard of Hearing students as support and resource teachers, as well as in consultative capacities including supplemental instruction to deaf or hard of hearing students. Depending upon college course work and examinations passed, candidates may be eligible for additional endorsements (certificates), enabling them to teach all students in subject areas above the 6th grade instructional level, where eligibility for employment varies with the nature of the teaching position and school/districts’ classification of learners related to the position.

Admission Requirements:

- Only students who have completed a bachelor’s and majored in a liberal arts major and in education of the deaf and hard of hearing without certification. The course of study continues through the following summer and academic year and culminates in a Master of Arts in Teaching degree.
- Students must have a minimum GPA of 3.0 to matriculate into the MAT portion of the program.
- Passing score on a State approved test of basic skills the SAT, ACT, GRE or Praxis Core Academic Skills for Educators tests.
- More information visit the certification website here: https://certification.tcnj.edu/.
- Students are required to take the Praxis Content Knowledge (CKT) assessments prior to student teaching. Students who do not meet the cut off score for licensure will be allowed to student teach but will need to take the test to be eligible for certification. Students must earn the NJ minimum score or higher for certification.

Graduation Requirements:

- Cumulative grade point average of 3.0 in the MAT program
- Completion of all departmental requirements/prerequisites—33 credits (no more than 3 cr. may be accepted from another institution as transfer credit in this program and a grade of “B” or higher must have been earned)
- Grade of B or better in Student Teaching (no transfer credit will be accepted for Student Teaching)

In order to be eligible for student teaching, a student needs to meet the following criteria:

- Minimum GPA of 3.0 or higher
- Overall satisfactory performance on the Educator Disposition Assessment in DHH 423. A rating of satisfactory is defined as no concerns indicated on the student’s dispositions either by the instructor, field supervisor, or cooperating teacher. The candidate has been rated as proficient or higher in all of the criteria.
- Student has taken the Praxis Content Knowledge (CKT) assessments for Elementary Education (currently test # 5001). See the following URL for more information on this test: http://www.ets.org/praxis/nj/requirements http://www.ets.org/praxis/nj/requirements.
- The Department of Special Education, Language and Literacy maintains the right and has the responsibility to dismiss students from the major who have not made satisfactory progress toward completing the major components of the program, i.e., successful ratings on the Teaching Performance Assessment Rubric and the Educator Disposition Assessment as well as fulfilling all other department requirements or expectations.

Master of Arts in Counselor Education (COUN_MA_01), (COUN_MA_06), (COUN_MA_07)

Stuart Roe, Chair, Department of Counselor Education

The Department of Counselor Education at The College of New Jersey is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Admission Requirements:

- Bachelor’s degree from an accredited or approved institution
- Graduate Record Exam (GRE)—For test waiver information, please visit http://graduate.tcnj.edu/apply/.
- Interview (to be arranged by the department)

Candidates for the Masters of Arts in Counseling programs must present a bachelor’s degree from an accredited college or university, meet college matriculation requirements, and attend an interview with the department faculty. In addition to the above criteria, consideration will be given to the candidate’s openness to personal and professional self-development, potential success in developing interpersonal relationships in a counseling context, and prior relevant experiences. Meeting these minimum criteria does not guarantee admission to the department.
Graduation Requirements:
1. In accordance with college policy, all graduate students must maintain a cumulative grade point average (GPA) of 3.0. Any student whose GPA falls below 3.0 will be placed on academic probation and will be dismissed if an overall GPA of 3.0 is not achieved by the end of a probationary semester.
2. A minimum grade of B or better in COUN 501, 670, 675, 690, and 693 (or 694/695) is required. With Departmental approval students who receive a grade of B–, C+, C, or C– in these courses or their prerequisites will be permitted to retake the course(s) in question only once to improve their grade and remain in the program. Failure to obtain a B or better in the second attempt will result in automatic termination. No student who has received a grade of B– or lower in a prerequisite course(s) will be permitted to enroll in COUN 670, 675, 690 or 693 (or 694/695). A student receiving an "F" grade in any course will automatically be denied continuance in the Department of Counselor Education program.
3. Students are also responsible to obtain, familiarize themselves with, and abide by the department’s specialized policies and procedures as documented in the most recent edition of the department’s student manual.

Shri Rao, Coordinator, Graduate Programs in Special Education

Admission to this program has been suspended. This 15–27 credit program is for experienced teachers who already hold a master’s degree in special education or a related field and a standard certificate in special education. This program leads to recommendation for certification as a learning disabilities teacher/consultant, the educational specialist on the child study team, mandated by the state of New Jersey. The program is composed of a cluster of core courses that focus on key skills critical for the role of an LDTC, such as the advanced study of learning disabilities, administration and scoring of assessment protocols, remediation and support strategies, and an externship. Students are also required to take an elective that provides them an opportunity to explore a related area of interest.
Admission Requirements:
Master’s degree in special education or a related field
New Jersey certification as teacher of students with disabilities
Three years of successful classroom teaching of students with disabilities
Up to 12 credits of graduate-level course work in the following four areas:
- Tests and measurements
- Psychology of learning
- Physiological bases of learning
- Foundations of education
If candidates do not already have applicable graduate courses in these areas of study, the courses must be taken as part of the post-master’s certification program at The College of New Jersey, in addition to the requirements identified below.

Graduation Requirements:
1) A minimum of 12 graduate semester hours earned at The College of New Jersey
2) A minimum total of 15 graduate semester hours of core course work
3) A cumulative Grade Point Average of 3.0 in the program
4) A grade of B or better in SPED 682/Externship in LDT/C
5) Completion of all departmental requirements/prerequisites
