Student Conduct

Please see the Community Standards section of the Student Affairs Web site for information on the student conduct structure (<http://conduct.pages.tcnj.edu>).

Mental Health Services

Confidential evaluation and brief, time-limited services are available to graduate students at no cost. Mental health services help ameliorate problems that interfere with a student's educational progress and can be helpful in developing one's professional role. Graduate students are often faced with increased demands on time along with other unique stressors and challenges; as such, counseling may serve as an opportunity to develop constructive responses to often competing demands. Individual, couples, group, and referral services are provided by licensed, clinically trained staff and trainees. Limited psychiatric evaluation and medication monitoring services are available for on-going clients.

In addition to providing direct clinical care, Mental health services offers a formal training program for advanced graduate students studying to become clinicians. Through practicum and/or internship

placement, this experience provides opportunity to apply classroom knowledge in a challenging and rewarding setting. Interviews for training positions are conducted during the spring semester (typically during March) for anticipated start in September.

Mental health services is located in Eickhoff Hall 107 and shares a reception area with Student Health Services. The front office is open from 8:30 A.M. to 4:30 P.M. Monday through Friday. For further information, please contact us at 609.771.2247 or <http://mhs.tcnj.edu/>.

Various on-campus jobs are available that require neither the completion of a FAFSA/RFAFSA nor the demonstration of financial need.
