Creating Agents of Change

Creating Agents of Change is the conceptual framework for professional education at The College of New Jersey, guiding all programs in the School of Education and throughout the College. Based on current thinking, research, and practice regarding the nature of learning, teaching, schooling, and leadership, the framework supports the creation of an informed, active, and reflective educator and practitioner who is effective in influencing positive change in multiple academic, clinical, and professional settings. The mission statement and guiding principles define our shared vision of Creating Agents of Change.

Mission Statement

Consistent with The College of New Jersey's clear public service mandate, The School of Education is committed to preparing exceptional teachers and clinicians. The basic tenet underlying our practice is our accepted truth that all individuals can learn and grow, and deserve schools/clinics and teachers/clinicians that respect their individual needs and circumstances while striving to give them the knowledge and skills to be successful in the larger society. Furthermore, we accept as truth the ideal that education is key to addressing the inequalities that exist in society, and that teachers and other school professionals can and should be agents for positive social change.

Therefore, through ongoing partnerships with our colleagues in K–12 education and state government, faculty of the School of Education remain dedicated to the core mission of producing high-quality professionals who possess solid content knowledge, demonstrated clinical competence, and a clearly articulated belief that all individuals deserve the highest quality practices in their schools and clinics.

Guiding Principles

The following five principles form a statement of beliefs that provides a framework that guides our day-to-day practice.

Principle One: Demonstrating Subject Matter Expertise. We believe that teaching is a profession. As such, professional teachers should develop a solid base of knowledge in such areas as literacy, numeracy, child development, learning theory, exceptionality, and pedagogical techniques. All teaching candidates will complete their programs at The College of New Jersey eligible to be considered “highly qualified.”

Principle Two: Demonstrating Excellence in Planning and Practice. We believe that our professional candidates must develop sophisticated pedagogical knowledge to design and implement effective instruction or interventions. They should possess an in-depth understanding of human growth and development to enable them to make developmentally appropriate decisions. They should be fully immersed, in both the college class-room and in the field, in a social-constructivist perspective of learning and its implications for student-centered planning, scaffolded learning experiences, and the use of a wide repertoire of instructional strategies, including appropriate use of current technology. We believe that our professional candidates should appreciate the importance of a productive learning environment in which teachers and children communicate effectively and respectfully.

Principle Three: Demonstrating a Commitment to ALL Learners. We believe that our professional candidates should have the skill and the will to help all learners reach their full potential. Our candidates must believe in the ability of all students to learn and grow, must be able to implement the principles of culturally responsive teaching and differentiated instruction, and must understand the importance of partnerships with families, community members, and other professionals to address

children's diverse needs. We believe our candidates need to experience diverse teaching/clinical settings in their programs at TCNJ and that students should be encouraged and supported to take advantage of opportunities to develop global perspectives through study abroad and international student teaching.

Principle Four: Demonstrating a Strong, Positive Effect on Student Growth. We believe that our professional candidates must see their success in terms of the progress made by their students. We are supportive of the underlying principle that all children should make progress in school. Our candidates must understand how to accurately assess their learners' strengths and needs through a variety of assessment tools, and how to use assessment information to provide effective data-driven instruction or interventions. Our candidates must also demonstrate an ability to effectively communicate information to a variety of audiences, including parents and guardians.

Principle Five: Demonstrating Professionalism, Advocacy, and Leadership. We believe that our professional candidates need to continue to develop their theoretical knowledge and practical skills well after they complete their program and enter their chosen career. As we strive to admit highly capable, high-achieving candidates into our program, we believe that our candidates are in a unique position to become future leaders, advocating not only for the needs of children and youth in New Jersey, but also for the educational professions at large. Our programs focus on developing reflective thinking skills, as well as providing opportunities for our candidates to participate in various field experiences that require them to see themselves as professionals and to take on leadership roles.

Graduate Study in Education

Education at the graduate level is vital to realizing the School of Education's mission in the preparation and ongoing professional development of educators and clinicians. Through graduate study, students may prepare to enter a new field or to develop and enhance skills and abilities critical to maintaining excellence in the practice of the profession to which they already belong. Graduate study emphasizes depth of knowledge; the importance of drawing critical connections among theory, research, and practice; and the ongoing need to approach one's work in a spirit of inquiry. The degree and non-degree programs described below within departments exemplify the School of Education's commitment to providing leadership and maintaining excellence across the continuum of professional practice.

In addition to meeting all specific program requirements and passing all state-required licensure exams, the following items are required for NJ State-issued certification to work in NJ schools:

1. Candidates for instructional certificates shall have completed a course or shall pass an examination in health and physiology issues. [NJ Administrative Code, section 6A:9-5.9]
2. Candidates for all types of certificates shall have satisfactorily completed a program on HIB (harassment, intimidation and bullying) prevention. [N.J.S.A. 18A:26.8.2 and N.J.A.C. 6A:9-16.7]

Information is available at the TCNJ Certification Office.

3. Candidates for all types of certificates must also demonstrate proficiency in basic skills as evidence by a passing score on a Commissioner approved test of basic skills, such as the GRE, SAT, or ACT. If a passing score is not demonstrable, the candidate must take and pass the Praxis Core exam (separate from the Praxis I.). More information can be obtained from the certification webpage found here: <http://education.tcnj.edu/offices-partnerships/certification/>

Master of Arts in Teaching

The Master of Arts in Teaching program consists of a core of courses that all degree candidates will complete, plus various specialization courses to meet state certification requirements in a particular discipline. The specialization disciplines currently include early childhood education, elementary education, secondary education, and special education.

The program provides an immersion option that will allow a cohort of full-time students to complete the program in one academic year beginning and ending with a summer session. Students who are employed full time may complete the new program on a part-time basis beginning in the summer or fall.

In order to become certified, students successfully completing the Master of Arts in Teaching program must take and pass the PRAXIS Examination in their area of specialization and must also complete the state of New Jersey hygiene-physiological requirement.

Early Childhood—Special Education (ECSE_MAT 01)—Five-Year Program (for TCNJ students only—Full Five-Year Undergraduate/Graduate Program)

Jody Eberly and Nadya Pancsofar, Co-Coordinator, Graduate Program in Early Childhood-Special Education (MAT)

The Department of Elementary and Early Childhood Education and the Department of Special Education, Language, and Literacy offer a program that prepares students to be early childhood teachers of students both with and without disabilities. This five-year program, featuring a dual major with dual certification, culminates in a Master of Arts in Teaching degree and New Jersey teaching certification in Preschool through Third Grade (P-3) and Special Education. Master of Arts in Counselor Education (COUN_MA_01), (COUN_MA_06), (COUN_MA_07)

Mark Woodford, Chair, Department of Counselor Education

The Department of Counselor Education at The College of New Jersey is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Admission Requirements:

Bachelor’s degree from an accredited or approved institution
 Graduate Record Exam (GRE)—For test waiver information, please visit <http://graduate.tcnj.edu/apply/>.
 Interview (to be arranged by the department)

Candidates for the Masters of Arts in Counseling programs must present a bachelor’s degree from an accredited college or university, meet college matriculation requirements, and attend an interview with the department faculty. In addition to the above criteria, consideration will be given to the candidate’s openness to personal and professional self-development, potential success in developing interpersonal relationships in a counseling context, and prior relevant experiences. Meeting these minimum criteria does not guarantee admission to the department.

Graduation Requirements:

1. In accordance with college policy, all graduate students must maintain a cumulative grade point average (GPA) of 3.0. Any student whose GPA falls below 3.0 will be placed on academic probation and will be dismissed if an overall GPA of 3.0 is not achieved by the end of a probationary semester.
2. A minimum grade of B or better in COUN 501, 670, 675, 690, and 693 (or 694/695) is required. With Departmental approval students who receive a grade of B–, C+, C, or C– in these courses or their prerequisites will be permitted to retake the course(s) in question only once to improve their grade and remain in the program. Failure to obtain a B or better in the second attempt will result in automatic termination. No student who has received a grade of B– or lower in a prerequisite course(s) will be permitted to enroll in COUN 670, 675, 690 or 693 (or 694/695). A student receiving an “F” grade in any course will automatically be denied continuance in the Department of Counselor Education program.
3. Students are also responsible to obtain, familiarize themselves with, and abide by the department’s specialized policies and procedures as documented in the most recent edition of the department’s student manual.

Master of Education in Educational Leadership— Instruction (EDAD_MED05) (in Partnership with The Regional Training Center)

Alan Amtzis, Director, Graduate Program in Educational Leadership: Instruction

The Master of Education (MEd) in Educational Leadership: Instruction program addresses the teacher within the context of the classroom, as well as the greater educational community, with regard to school-wide teacher reform, teachers' professional development, and teacher leadership. The reflective practices of self-study, teacher research, and classroom inquiry provide a thematic curricular link throughout the program.

Classroom-based research is increasingly featured as a critical component of contemporary educational assessment models. The Regional Training Center (RTC) has been providing quality graduate course work in education throughout the Mid-Atlantic region since 1993. TCNJ has been the New Jersey partner in providing sponsorship for graduate RTC programs offered throughout the state since 2000. Note: Careful advisement is necessary. Students who plan to take this program must apply for admission and meet with the graduate coordinator for advisement.

If a student wishes to transfer courses taken within six years of entering the program, equivalency must be substantiated. A minimum of 24 credits must be earned at The College of New Jersey.

Students who have successfully completed the program with two years of full-time teaching experience may apply for New Jersey Reading Specialist certification through the TCNJ Certification Office.

Students who apply for this certificate must present a letter to the certification officer of the College from their immediate school supervisor verifying two years of full-time teaching.

Master of Education in Teaching English as a Second Language (ESLA_MED01, Global and ESLA_MED02, on-campus)

Yiqiang Wu, Coordinator, Graduate Programs in Teaching English as a Second Language

The program consists of course work leading to the Master of Education in Teaching English as a Second Language (MEd in TESL). If you are a certified teacher you can obtain ESL/Bilingual certification endorsement

through this program. We recommend that you take the certification program first, and then go for MED in TESL program or you can only get your ESL/Bilingual certification after completion of MED in TESL program. If you are not a certified teacher and seek for ESL certification, you must go for ESL initial certification first. After completing the required courses, candidates need to do the following in order to obtain their ESL/Bilingual certification. Candidates must apply online and submit the required documents at the certification office's website at <https://certification.tcnj.edu/instructional-certificates-only/> for on campus candidates and <https://certification.tcnj.edu/global-students-only/> for global candidates. See certification requirements and test information at <https://certification.tcnj.edu/certification-requirements/>. Below is a checklist for certification application.

1. Applying for ESL/Bilingual certification
2. Passing scores (Advanced Low) on ACTFL Oral Proficiency Interview (OPI) & Writing Proficiency Test (WPT) (Candidates who meet the Praxis Core Test, SAT, ACT, GRE requirement will be exempt from WPT.)
3. Praxis Core Test scores: 156 on Reading #5712, 162 on Writing #5722 and 150 on Math #5732 (See waiver with SAT/ ACT/GRE at <http://www.state.nj.us/education/educators/rpr/preparation/BasicSkillsExemptionCutScores.pdf>). **This requirement is for out of state certification holder only.**

Master of Education in Special Education (SPEC_MED01), (SPEC_MED02), (SPEC_MED06)

Lauren Foxworth & Sarah Monaco, Coordinators, Graduate Programs in Special Education

Exceptions: Candidates who pass the Department-approved basic skills test will be exempt from taking English WPT. The Med program has three tracks: Option I (SPEC_MED01) provides advanced work in the area of teaching students with disabilities for those candidates who hold a standard special education certificate. Option II (SPEC_MED02) prepares individuals who hold a standard teacher certification in areas other than special education to be certified as a Teacher of Students with Disabilities. Option III (SPEC_MED06) is designed to prepare individuals who hold a certificate of eligibility with advanced standing (CEAS) in a teaching area to obtain certification as a teacher of students who are blind and visually impaired.

Option I—Certified in Special Education (SPEC_MED01)*

Option I is a 33-credit-hour program of study designed for graduate students who have several years' experience in the classroom and are interested in advanced study in special education. The program is a "leadership master's"; i.e., its graduates will be prepared to be

exemplary professionals who will provide leadership in their schools as they work to implement best practices.

Shri Rao, Coordinator, Graduate Programs in Special Education

Admission to this program has been suspended. This 15–27 credit program is for experienced teachers who already hold a master's degree in special education or a related field and a standard certificate in special education. This program leads to recommendation for certification as a learning disabilities teacher/consultant, the educational specialist on the child study team, mandated by the state of New Jersey. The program is composed of a cluster of core courses that focus on key skills critical for the role of an LDTC, such as the advanced study of learning disabilities, administration and scoring of assessment protocols, remediation and support strategies, and an externship. Students are also required to take an elective that provides them an opportunity to explore a related area of interest.

Admission Requirements:

Master's degree in special education or a related field
New Jersey certification as teacher of students with disabilities
Three years of successful classroom teaching of students with disabilities
Up to 12 credits of graduate-level course work in the following four areas:

- Tests and measurements
- Psychology of learning
- Physiological bases of learning
- Foundations of education

If candidates do not already have applicable graduate courses in these areas of study, the courses must be taken as part of the postmaster's certification program at The College of New Jersey, in addition to the requirements identified below.

Graduation Requirements:

- 1) A minimum of 12 graduate semester hours earned at The College of New Jersey
- 2) A minimum total of 15 graduate semester hours of core course work
- 3) A cumulative Grade Point Average of 3.0 in the program
- 4) A grade of B or better in SPED 682/Externship in LDT/C

Educational Administration and Secondary Education

Faculty: Girard Chair; Bellino, Connolly, Davis, Gordon, Gosselin, Leake, Mayger

The Department of Educational Administration and Secondary Education offers a 5-year Urban Secondary Education program consisting of both undergraduate and graduate courses that support the preparation of students matriculated in secondary education track programs in biology, chemistry, physics, mathematics, social studies (through either the history or the economics major), and English. Upon completion of this program students apply for certification in their content area and earn a Master of Arts in Teaching in Urban Secondary Education. Additionally, students select one of three concentrations: Literacy, Special Education or ESL. The ESL concentration may lead to an additional certification in ESL if students complete the 5-required courses. Department courses are guided by the Conceptual Framework of The School of Education, the New Jersey Administrative Code and State Standards, and national accrediting organizations.

5-Year Urban Secondary Education Program

An overview of the 5-Year Urban Secondary Education preparation program can be found below.

Students must earn a grade of B- or better in SED 224, EFN 299, SPE103.

Students must have a minimum GPA of 3.0 to enroll in SED 399.

Students must have earned a grade of "B-" or better in SED 399, in their content area methods course (xxx390) and RAL 328 and have an overall GPA of 3.0 to enroll in student teaching.

Students must earn a minimum grade of B- in SCED 695 to meet program requirements.

Graduate Certificate in Environmental Sustainability Education**Admissions Requirements**

Practicing teachers across the preK-12 spectrum can enhance their instruction with this interdisciplinary graduate certificate. This program helps teachers to deepen their content knowledge in Environmental Sustainability Education (ESE) and develop the skills and tools they need to become green leaders in their schools.

This four-course graduate certificate is designed for practicing preK-12 teachers who wish to transform their teaching practice with interdisciplinary perspectives on Environmental Sustainability Education. Coursework is focused on applying knowledge and designing solutions to many of the challenges we face in our classrooms and in the world. Courses in this program are all offered using a hybrid format including face-to-face instruction alongside asynchronous and synchronous remote learning modules.

Required courses (12 credits)

ESED 501: Environmental Science for Teachers and Leaders

ESED 520: EcoJustice and Socioscientific Issues

ESED 600: Equity, Diversity, and Inclusion in Environmental Sustainability Education
