The College of New Jersey is accredited by the Middle States Commission on Higher Education (www.msche.org). The Commission’s most recent action on the institution’s accreditation status in 2015 was to reaffirm accreditation. The next evaluation visit is scheduled for 2024-2025. MSCHE is an institution accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation (CHEA).

Programs at the bachelor’s and master’s level for the preparation of teachers are accredited by CAEP, The Council for the Accreditation of Educator Preparation. (Note: NCATE and TEAC consolidated to become CAEP.) Educator preparation programs are working toward accreditation through the Association for Advancing Quality in Educator Preparation (AAQEP) under its standards with an anticipated Quality Assurance Review in Fall 2023.

In addition, individual graduate programs are accredited by the following specialized accrediting bodies:
- Commission on Collegiate Nursing Education
- Council for Accreditation of Counseling and Related Educational Programs
- Council for Education of the Deaf
- Council on Education for Public Health (CEPH)
- New Jersey Board of Nursing

Programs in the School of Business are accredited by AACSB—The Association to Advance Collegiate Schools of Business.

Graduate Opportunities at The College of New Jersey

Students are offered opportunities to earn master’s degrees in more than 20 fields of study, to gain certification in professional areas, to update and renew themselves professionally or personally through specific courses, and to address contemporary issues or problems in a specific field. Basic to all graduate programs and courses is the College’s purpose to develop in each graduate student the skills, knowledge, and commitment to function as a problem-solver and an agent of change.

Admission to Graduate Study

Admission Standards
A admission to graduate study at The College of New Jersey is selective and competitive. Prospective applicants are encouraged to familiarize themselves with the contents of this bulletin and the graduate studies website (http://graduate.tcnj.edu/) and to observe carefully the particular requirements of each individual program or option. A admission decisions are based generally on evidence of achievement in appropriate undergraduate studies, performance on nationally standardized tests, strength of recommendations, and other materials submitted with the application. Standards are applied rigorously but not mechanically, as the purpose is to identify applicants who show promise of benefiting from advanced studies and of making significant contributions to both the College community and their chosen professions.

Admissions Procedures
Those who wish to apply or to learn more about the graduate program should begin by contacting: Office of Graduate Studies, The College of New Jersey, PO Box 7718, Ewing, NJ 08628-0718. The office is located in Green Hall 202, and may be reached at 609.771.2300. Applications to graduate school should be completed and submitted online at http://graduate.tcnj.edu/. It is the applicant’s responsibility to make sure that all required application materials have been received by the Office of Graduate Studies by the appropriate deadline. Incomplete applications cannot be reviewed. Incomplete applications will be held for one academic year prior to being purged.

Application Deadlines
For information on application deadlines please refer to our website at http://graduate.tcnj.edu/apply/.

Admission Categories
Graduate Degree Program/Matriculation
Most students entering The College of New Jersey at the graduate level are candidates for a master’s degree. The institution offers seven degrees: the Master of Arts, Master of Business Administration, the Master of Education, the Master of Arts in Teaching, the Educational Specialist, Master of Public Health, and the Master of Science in Nursing. Master’s programs and program options are outlined throughout the Graduate Bulletin.

Individuals applying for matriculation are expected to hold a bachelor’s degree from a regionally accredited institution in the United States or proof of equivalent preparation from a foreign college or university, and are required to provide official transcripts (or document evaluation in the case of foreign schools). Applicants should have a 2.75 cumulative grade point average or a 3.0 in the major at the undergraduate level, although some programs may have a higher requirement; must submit letters of recommendation from individuals who can evaluate their academic performance, relevant work experience, and/or ability to pursue graduate studies; must submit an essay/statement of professional goals indicating interest in the program and college; must pay the stated application fee; and must provide scores from the general standardized test appropriate to the discipline. Some programs require scores from specialized sections of standardized tests, other evidence of competence to pursue graduate study, or other documentation as detailed by the specific program requirements.

Applicants to Initial Teacher Certification Programs must provide proof of meeting the State of New Jersey Basic Skills Requirement. For test waiver and Basic Skill information, please visit http://graduate.tcnj.edu/apply/. Additional materials are required from international students (see “Students from Foreign Countries”). Some programs require interviews or portfolios (see specific program for requirement details). Graduate program candidates are considered and approved for admission by the program admissions committee and endorsed by the Office of Graduate Studies.

Applications for matriculation are available online at http://graduate.tcnj.edu/apply/.

Non-Matriculation
Qualified applicants who wish to pursue graduate studies for professional renewal or personal growth may apply for non-matriculation. Non-matriculation applications should be completed and submitted online at http://graduate.tcnj.edu/apply/. Applicants must have a bachelor’s degree and a 2.75 cumulative grade point average or 3.0 in the major from a regionally accredited institution in the United States, or proof of equivalent preparation from a foreign university or college. Applicants must submit an essay calling for a personal evaluation of their strengths and weaknesses and must pay the stated application fee. Admissions are competitive, and decisions are made by program admissions committees. A non-matriculant is not eligible for financial aid.
If accepted, non-matriculated students may enroll in graduate classes that are open to them if they meet the prerequisites and if space is available. Permission of the graduate coordinator and/or the instructor teaching the course may be required for registration for a particular course.

Non-matriculated students may apply to become graduate-degree or certificate-program candidates. Non-matriculated students have one year from the time of initial enrollment to matriculate into a degree program in order to utilize a maximum of six non-matriculation credits taken prior to matriculation toward that degree. Failure to matriculate in this timeframe will negate the use of these credits toward a degree at TCNJ.

**Status Change from Non-Matriculation to Matriculation**

Non-matriculated students who wish to matriculate into a graduate degree or certificate program must submit a formal application online for matriculation with all supporting documentation to the Office of Graduate Studies in accordance with announced deadlines. An applicant should become familiar with the completion requirements of each program or program option. Non-matriculation status does not imply or guarantee acceptance into any degree or certification program.

Applications for matriculation are available online at http://graduate.tcnj.edu/apply/.

**TCNJ Pre-Entrance Health Requirements**

The state of New Jersey and TCNJ mandates that incoming students meet pre-entrance health requirements. These requirements apply to matriculated students and full-time nonmatriculated students (full-time = 9 or more course credits). Note that health requirements apply to commuter students attending class on-campus or at an off-campus location. Requirements can be found at https://health.tcnj.edu/new-students/pre-entrance-health-requirements-grad/.

**Students from Foreign Countries**

Students from countries in which English is not the native language must submit the results of the Test of English as a Foreign Language (TOEFL) with the graduate program application. All students who attend a non-U.S. institution must have all of their educational documents translated into English and evaluated on a course-by-course basis by an accredited agency as to the U.S. equivalency of their course work. Course descriptions may be required. For information on other documentation required along with the graduate application, including documents needed for a student visa application, see http://iss.tcnj.edu/.

**Assistantships**

Assistantships are periodically available for full-time, matriculated graduate students. The nature and number of such opportunities vary from year to year, but typical assignments are to academic departments and administrative offices. For information concerning assistantships and for application forms, please visit our website at http://graduate.tcnj.edu/ or contact the Office of Graduate Studies at 609.771.2300.
Financial Aid

Financial Aid Application Process
Matriculated students pursuing a graduate degree at TCNJ may be eligible for some types of student financial assistance, including but not limited to student loans and assistantships.

To be considered for federal student loan programs, you must complete the Free Application for Federal Student Aid (FAFSA) or the Renewal FAFSA, list TCNJ in the information release section (TCNJ school code # is 002642), meet all eligibility requirements as stated on the application instructions and provide any additional documentation as requested by TCNJ.

Federal Student Aid identification (FSA ID) is required in order to electronically sign the FAFSA. You can apply for an FSA ID at www.fafsa.gov or at www.fsaid.ed.gov. (The FSA ID replaces the PIN.) Failure to electronically sign the FAFSA may result in delays in processing your aid. If you are a previous FAFSA filer, you can file a Renewal FAFSA. The Renewal FAFSA will have all any updates to your information before submitting the form.

Semester Enrollment Requirements for Graduate Students Receiving Financial Aid
Full-time status: 9 or more credit hours
Half-time status: 5 credit hours

Note: the above enrollment requirements pertain to individual summer session enrollment as well.

Students taking graduate courses who have not yet been admitted into a program are not eligible to receive federal or TCNJ funding. You also must be enrolled for courses that are required for your degree; if you enroll for undergraduate-level courses, you may have to provide supporting documentation to show that these credit hours are required by your department.

The receipt of some types of awards, including assistantships and tuition waivers, may decrease student loan eligibility.

Federal Loans
Graduate students are eligible for the unsubsidized Federal Direct Loan Program. The maximum loan limit for most graduate students in a degree program is $20,500 per academic year. The current interest rate can be found at https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized

Private/Alternative Loans
A list of alternative student loans can be found on the website: https://financialaid.tcnj.edu under the section “Online Services”. Alternative loans are credit-based loans that can be used to borrow funds up to the TCNJ Cost of Attendance.

Veteran’s Assistance
TCNJ participates in federal and state assistance programs for veterans. Please contact Dionne Hallback, Associate Directors in the Office of Student Financial Assistance at dhallbac@tcnj.edu.

Tuition and Fees

Application Fee
A $75 non-refundable application fee (subject to change), payable to The College of New Jersey, is charged to all applicants. The fee is waived for students who formerly attended the College.

Enrollment Deposit
Matriculated students in an on-campus program (this excludes students in global, RTC partnership, and other off-site programs) will be required to submit a $100.00 enrollment deposit upon acceptance to secure their seat. This enrollment deposit is non-refundable, but will be entered as a credit toward the student’s account.

Costs per Semester
Costs are charged per credit hour (*2022-2023). See http://studentaccounts.tcnj.edu/tuition-fees/ for current rates.

Graduate students enrolled, whether matriculated or admitted as a non-matriculated student, pay at the graduate rate whether taking graduate or undergraduate courses. Students who do not intend to apply undergraduate courses to a graduate program now or in the future should apply for non-matriculant standing through the undergraduate Office of Admissions and will be charged the undergraduate rate. Such classes will not be applied to a graduate degree or certification program offered by the College.

*C costs reflect 2022-2023 academic year rates and are subject to change at any time. Rates are usually higher during the next academic year. Check with the Office of Student Accounts for current charges after July 15 of each year.

A student is classified as a “New Jersey resident” for tuition purposes if the student has been a bona fide domiciliary of the state of New Jersey prior to registering for classes. Any questions regarding residency status can be directed to Records & Registration at 609.771.2141.

Health Insurance Fee
Pursuant to New Jersey law, The College of New Jersey is required to offer student health insurance coverage to its full-time students.

Graduate students registered for nine or more credits in a term are considered full-time. The College of New Jersey meets the requirements of the state law by offering student health insurance coverage to its full-time students. Full-time students are automatically billed for the full amount of the insurance on their term bill by the Office of Student Accounts. Full-time students MUST EITHER enroll in this coverage, or opt out by providing evidence of health insurance coverage to the insurance company by the deadlines established by the College. No action by a student will result in enrollment in the coverage after the waiver/enrollment period. Detailed information, FAQs, resources and cost can be found at https://studenthealthinsurance.tcnj.edu/.

Special Fees
Students admitted to a School of Education program are required to pay a one-time fee of $139 for LiveText Learning Assessment registration.

Parking/ Vehicle Registration Fee
The fee for the 2023-2024 academic year is $105 plus New Jersey sales tax. Rates are subject to change each academic year. For more information on current vehicle registration procedures and fees, please visit the Parking Services website, http://parking.pages.tcnj.edu/.

To be considered registered and allowed to park on campus, each vehicle must have a current valid parking decal that is properly displayed per the parking guidelines.

For students who live off campus and use a motor vehicle to commute to class, one automobile and one motorcycle may be registered. Those graduate students under contract as a Graduate Assistant may register one vehicle as a Graduate Assistant bearing no charge and granting parking privileges in Faculty/ Staff parking lots.
Payment
Payment of tuition and fees may be made by cash, check, electronic check, wire transfer, or money order payable to The College of New Jersey. MasterCard, Visa, Discover, and American Express credit cards are also accepted via the PAWS system.

Identification Cards
Graduate student identification cards may be obtained in the Office of Student Accounts, located in Green Hall 119. During the fall and spring semesters, the office is open Monday through Friday from 8:30 a.m. to 4:30 p.m. The College of New Jersey ID card is the official college identification for students and should be carried at all times. The card also serves as a library card for purposes of checking out books and recordings. The card is non-transferable. Loss of the ID card should be reported immediately to https://cardservices.tcnj.edu/ and/or to the Office of Student Accounts, 609.771.3146. A fee of $10 is charged for each replacement.

Withdraw or Leave of Absence
Refunds of Tuition and Fees
A student must withdraw from all courses for the semester (or reduce their registered course load) by the last day of Add/Drop in order to be eligible for a refund. The computing of all refunds will be based upon the date of receipt shown on the written notice or Intent to Withdraw Form. Refunds are not based upon date of the last class attendance. A student who leaves school without officially withdrawing from the College forfeits all rights to a refund or to a reduction in their account.

The College uses the following policy to determine the amount of refund:
1. A student withdrawing from the College on or before the official last day of Add/Drop shall receive a 100 percent refund of applicable tuition and fees paid.
2. A student reducing their course load in a manner that results in a decrease in billable tuition and applicable fees on or before the last official day of Add/Drop shall receive a 100 percent refund of the reduced amount. Reductions in load after the last official day of Add/Drop will not result in 100 percent refunds.
3. A student withdrawing from the College after the official end of Add/Drop but before the end of the third week of classes in the fall and spring semesters shall receive a 75 percent refund of applicable tuition and fees paid.
4. A student withdrawing from the College after the official end of Add/Drop but before the end of the fifth week of classes in the fall and spring semesters shall receive a 50 percent refund of applicable tuition and fees paid.
5. A student withdrawing from the College after the fifth week of classes shall receive no refund.

6. Summer and Winter withdrawal policies are different. Please consult the College’s website at https://summer.tcnj.edu/course-withdrawal/.
7. Students receiving federal Title IV financial aid funds must contact the Office of Student Financial Assistance, Green Hall 101, prior to withdrawing.

* Only General Services and Student Center

Refunds for Students Receiving Federal Title IV Funds
Federal regulations require that a pro-rata portion of Title IV funds be returned to the funding source if students withdraw from the College. Students may, therefore, incur a liability to The College of New Jersey and should consult with the Office of Student Financial Assistance, Green Hall 101, prior to withdrawing.

For additional information concerning the refund process at TCNJ, we invite you to visit our website at https://studentaccounts.tcnj.edu/tuition-fees-archive/tuition-fees/tuition-refund-and-repayment/.

Residency for Tuition Purposes
Individuals who have been a resident within the state of New Jersey for a period of 12 months prior to enrollment in a public institution of higher education are presumed to be domiciled in this state for tuition purposes. Persons who have been residents within this state for less than 12 months prior to enrollment are presumed to be non-domiciliaries for tuition purposes. Persons whose residency status is challenged by TCNJ may demonstrate residency status according to the rules set forth by the New Jersey Commission on Higher Education. These guidelines are available in the Office of Records and Registration, Green Hall 112. Residence established solely for the purpose of attending TCNJ is not domicile for the purpose of achieving in-state residency. United States military personnel and their dependents who are living in New Jersey and are attending public institutions of higher education in New Jersey shall be regarded as residents of the state for the purpose of determining tuition.

Financial Obligations to the College
Students with unfulfilled obligations to the College (including tuition, fees, library materials, fines, or damage assessments) may be prevented from registering and/or from obtaining a transcript and diploma. Students with delinquent loans (federal, state, or college) may also have their transcripts and diploma withheld. Unfulfilled financial obligations with the College may allow for your account to be given to a collection agency at which all costs incurred will be the responsibility of the student.
Registration Procedures and Degree Requirements

Registration for graduate courses must be approved by a graduate adviser. Only those students who have been officially admitted may register for classes (see Admission to Graduate Study).

TCNJ offers students an online registration system. PAWS (Primary Academic Web Services) is a web-based application accessible worldwide at https://today.tcnj.edu/.

For assistance or more information, please visit our PAWS tutorials at https://pawshelp.tcnj.edu/.

Students should refer to the College’s website for the most up-to-date information on registration procedures and degree requirements.

Change of Registration

Students with adviser approval may change their registration before the registration process is terminated. A drop continues through the first week of classes, after which only withdrawals are permitted. Pertinent registration deadline dates can be viewed at https://academics.tcnj.edu/academic-calendars/.

Change of Program of Study

Students who contemplate changing their program of study should consult the Office of Graduate and Advancing Education for guidance. All requests for change of program must be signed by the graduate coordinator of the previous program, and approved by the graduate coordinator in the new program and the dean of the student’s academic school. Students should remember that entrance requirements vary from one program to another and that there may be space limitations. Forms are available at https://graduate.tcnj.edu/resources/forms/.

G Graduation Enrollment in Undergraduate Courses

Graduate students may obtain approval to take certain undergraduate courses for personal or academic reasons. Such courses do not normally count toward the graduate degree. Students should consult their graduate program advisers for guidance. Graduate students enrolling in undergraduate courses will be billed at the graduate tuition rate. Approval forms are available online through the Office of Graduate and Advancing Education at https://graduate.tcnj.edu/resources/forms/.

U Undergraduate Enrollment in Graduate Courses

Undergraduates are permitted, with approval, to take a maximum of two graduate courses, unless they are enrolled in an accelerated combined bachelor’s/master’s degree program that includes more than two graduate courses as part of the curriculum.

Eligibility Criteria: TCNJ undergraduates may petition to enroll in TCNJ graduate courses if:

1. they have a grade point average of 3.0 or above,
2. have been recommended to take the course by their undergraduate adviser and the coordinator of the graduate program in which the course is offered,
3. and have the approval of the academic school dean.

Double-Counting Graduate Courses

A TCNJ undergraduate student may count up to two predetermined graduate courses at TCNJ toward both a TCNJ undergraduate degree and a TCNJ graduate degree if:

1. All involved academic units allow double-counting and deem the coursework appropriate to both degrees,
2. double-counted coursework is approved by all involved academic units before the student takes the course,
3. and the student meets the eligibility criteria listed above.

A academic units with graduate programs requiring more than 36 credits may petition the Provost to allow undergraduate students to enroll in and double-count more than two graduate courses, up to no more than five graduate courses.

Credit and Grading Guidelines

Any 3-credit TCNJ graduate course counted toward a TCNJ undergraduate degree (whether double-counting toward a graduate degree or not) will count as 1 unit of undergraduate credit. Graduate course syllabi will specify that undergraduates taking the course for undergraduate credit will satisfy their four-hour through the high level of reading and other work expected in the course.

Any grades earned in TCNJ graduate courses that are counted toward a TCNJ undergraduate degree will only be factored into the graduate GPA. When these courses are double-counted toward a TCNJ graduate degree, they will be listed as “I” on the graduate transcript, and the grade will not be factored into the graduate GPA.

A TCNJ undergraduate student may count up to two predetermined graduate courses at TCNJ toward both a TCNJ undergraduate degree and a TCNJ graduate degree if:

1. All involved academic units allow double-counting and deem the coursework appropriate to both degrees,
2. double-counted coursework is approved by all involved academic units before the student takes the course,
3. and the student meets the eligibility criteria listed above.

A academic units with graduate programs requiring more than 36 credits may petition the Provost to allow undergraduate students to enroll in and double-count more than two graduate courses, up to no more than five graduate courses.
Students certain rights with respect to their educational records. The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day that TCNJ receives a request for access. Students should submit to the director of records and registration written requests that identify the record(s) they wish to inspect. The TCNJ official will make arrangements for access and notify the student of the time and place where records may be inspected. If the records are not maintained by the TCNJ official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes is inaccurate or misleading. Students may ask the College to amend a record that the student believes is inaccurate or misleading. They should write the TCNJ official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the College in an administrative, supervisory, academic, or support staff position (including campus police and campus-wellness center persons); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; a student serving on an official school committee such as the All-College Academic Integrity Board; or a person assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by TCNJ to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, S.W.
   Washington, D.C. 20202-4605

For further information, students may view the College's student privacy rights (FERPA) website at https://recreg.tcnj.edu/student-privacy-rights/.

TCNJ considers the following as directory information and will release the following information upon request:

- Name
- TCNJ e-mail address
- Campus address
- Hometown (city and state)
- Telephone listing(s)
- Degrees and dates received
- Honors and awards received (including Dean's List)
- Major(s) and minor(s) field of study
- Classification (freshman, sophomore, junior, senior, graduate)
- Date of birth
- Dates of attendance
- Photograph
- Previous educational institution/agency attended
- Weight/height of athlete
- Participation in officially recognized activities and sports
- Enrollment status

To prevent the release of the above-referenced directory information, the student must file the Directory Information Release Form with the Office of Records and Registration each year. https://recreg.tcnj.edu/student-privacy-rights/.
Cancellations
Students should assume that classes will be held unless notice of cancellation is given. When an instructor fails to appear and no notice of cancellation is evident at the start of a class, it is recommended that students wait a reasonable time before assuming that the class is canceled.

Degree Requirements
Academic Advisement/Supervision
Students are encouraged to develop a collaborative relationship with their program advisers and/or graduate coordinators early in their graduate careers. Advisers help students plan their courses of study, comply with program requirements, and assess academic progress. They are also available for broader consultation and discussion. In instances when formal approval is required (some of which are identified below), students will need to obtain formal approval from their adviser before actions may be taken.

Prerequisites
All courses listed in this bulletin are graduate courses that require competent preparation at the undergraduate level. Certain courses—typically at the 600 level—require that specific prerequisites (or their equivalents) be met. Students should consult individual course descriptions found on PAWS and confer with their graduate advisers to plan appropriate course sequences.

Academic Load
A full-time graduate student load is nine credits during the fall or spring semester. A graduate student may register for a maximum of 12 credits during the fall or spring semester. Graduate students may register for a maximum of nine credits for the summer semester, and a maximum of three credits (one course) for the winter session. If a program requires more than the maximum load during a given semester, students must submit written permission from their academic adviser with approval from the dean of the student's academic school at the time of registration.

Grading System
A student's academic standing in every subject is reported at the end of each semester in the form of a letter grade. Grades are assigned by the faculty member of record.

Incomplete Grades
Incomplete grades may be given only when a student is unable to complete a course because of illness or other serious problems.

Incomplete grades may be awarded during the grading cycle where appropriate but must be removed by the following semester. Incomplete grades granted in May or August must be completed by October 15 of the following fall semester. Incomplete grades granted in December must be completed by March 15 of the following spring semester. Incomplete grades granted in the summer session must be completed by the end of the fall semester. If these deadlines are not met, the grade automatically becomes an F.

The In Progress (IP) designation applies only to certain courses, such as Department Project and Thesis, requiring more than one semester to complete (see also Retention Standards).

Calculation of GPA
A student's grade point average (GPA) is based only on courses taken at The College of New Jersey. Not included in the calculation of the grade point average are courses transferred from other institutions. The grade point average is calculated by dividing a student's total quality points by their total quality hours. Quality points are calculated by multiplying the number of credits for a course by the weight of the grade (see Grading System) in that course. Quality hours are the sum of credits a student attempts (regardless of whether the courses are passed) at TCNJ in letter-graded courses.
At the end of each semester, a student can view and print a grade report showing a cumulative grade point average as well as a grade point average for that semester on PAWS.

Transfer of Credit
A maximum of 12 graduate credits may be accepted pending departmental approval. Individual graduate programs may have lower transfer limits due to accreditation or licensing requirements. Transfer courses must be applicable to the student’s current program of study, and have been completed at an institutionally accredited graduate institution within the last six years with a grade of B or higher. The Course Authorization Form is available at https://recreg.tcnj.edu/forms/ and completed forms should be submitted to the Office of Records and Registration in Green Hall 112.

Transfer of Prior Coursework
Students wishing to apply for transfer of previously completed graduate credits must do so during their first year of enrollment as a matriculated student. Transfer of credits shall be understood to apply to credits previously earned at The College of New Jersey, as well as at other regionally accredited graduate institutions. The Course Authorization Form is available at https://recreg.tcnj.edu/forms/ and completed forms should be submitted to the Office of Records and Registration in Green Hall 112.

Approval of Future Coursework for Transfer of Credit
Matriculated students must obtain written approval from their department chair before enrolling in graduate courses that are to be transferred for credit to the College. Only courses that are to be completed at a regionally accredited graduate institution shall be eligible for such approval. The Course Authorization Form is available at https://recreg.tcnj.edu/forms/ and completed forms should be submitted to the Office of Records and Registration in Green Hall 112.

Course Auditing
A student who audits a course will receive a grade of AU. The same information will be placed on the student’s record.

Students with graduate status at the College who wish to audit a graduate course must have the permission of the instructor or the approval of the graduate coordinator for the program in which the course resides. The Permission to Audit Form must be submitted to the Office of Records and Registration prior to the start of classes for final approval. The form is found at https://recreg.tcnj.edu/forms/. Instructors determine the degree of class participation required of auditors in their classes.

Audit courses may not be counted in determining enrollment status or graduate assistant eligibility. Audit grades may not later be converted to any other grade.

Withdrawing from a Course
Students may withdraw from a course up to the end of the ninth week of the fall and spring semesters. The Records and Registration website documents specific dates for each semester and for summer school.

To withdraw, a student must complete the withdrawal process online via PAWS. Instructions can be found at https://recreg.tcnj.edu/course-withdrawal/. Students withdrawing from courses within the withdrawal period will automatically receive a grade of W, which has no effect on the student’s grade point average.

It is the student’s responsibility to withdraw officially from a course. Failure to withdraw formally may result in failing grades and dismissal. Failure to withdraw from a course during the 100-percent-refund period will result in financial obligations.

Withdrawing from the College
A student who wishes to leave the College and withdraw from all courses must complete an Intent to Withdraw form before the last four sessions of the course. Students who neglect to follow this procedure will receive a failing grade for any course they cease to attend.

Students who withdraw from the College before the midpoint of the semester will be given a grade of WD in all courses. Withdrawal after that will result in the instructors’ assigning the grade of WP (which does not affect a student’s GPA) or WF (which is calculated as an F in a student’s GPA). A student may not withdraw from the College in the last three weeks of a semester.

The College Withdraw form is available online at https://recreg.tcnj.edu/student-withdrawal-process/. Eligibility for refunds will be determined by the date on which the completed Intent to Withdraw form is received. The amount of the refund is based on the date of withdrawal. Dates for the end of each semester’s withdrawal period are listed on the Office of Records and Registration website, https://academics.tcnj.edu/academic-calendars/.

It is the student’s responsibility to withdraw officially from the College. Failure to withdraw formally may result in failing grades, dismissal, and additional financial obligations.

Readmission
Students who have been dismissed from a graduate program may apply for readmission after one calendar year from the time of dismissal. The matriculation application is to be used for readmission. In addition to the essay, students must cite the reason for dismissal and explain why they believe they will be able to perform successfully if readmitted.

Readmission must be approved by the department and endorsed by the dean of the student’s academic school.

Independent Study
Students who wish to supplement departmental coursework by investigating a particular topic may do so under the direction and guidance of a faculty member who is considered an expert in the field. A final paper reporting the findings of the study must be submitted to the faculty member.
Requests for independent study must be submitted for approval to the faculty member and the department chair or designee. The resulting contract will describe the study, specify the format, length, and scope of the final paper, and determine the number of credits—from one to six—to be awarded.

No more than nine credits of independent study may be taken in any one graduate program.

Note: Independent study will not be approved as a substitute for an existing graduate course. If, under extraordinary circumstances it becomes evident that the conferral of the student’s degree will be significantly deferred because a required course is not available, that course should be waived and another course of comparable content be used to fulfill the requirement. The student must seek permission for the substitution from the coordinator of their graduate program, who will forward it (if approved) to the department chair and the dean of the school for final approval.

Department Project

Students enrolled in master’s programs may elect to do a department project, with the approval of the student’s adviser, and will be awarded three credits upon completion of the project. A division is usually three credit hours for one semester. Those whose projects are In Progress (IP) will register for three credits of project advisement each semester until the project is completed. Students should consult this bulletin for descriptions of department projects offered.

Thesis or Creative Project

In the Master of Arts, Master of Education, or Master of Science in Nursing programs, a thesis or creative project may be required or elected, based on program-specific criteria. A student must be registered to receive thesis advisement. Students planning to write a thesis should consult with their program’s coordinator and department chair.

Program Completion

Students have a maximum of six years from the time of matriculation to complete a graduate program. Petitions for an extension will be considered by the dean of the student’s academic school on merit. Note: Length of years may vary by program due to accreditation requirements.

Retention Standards

A student whose grade point average (GPA) falls below 3.0 during any semester (fall or spring), or summer session (1, 2, or 3), will be placed on probation. At the end of the next semester or summer session in which the student is enrolled in classes (excluding winter term), the student will be dismissed if an overall GPA of 3.0 is not achieved. Students may appeal dismissal according to the procedures provided with the notification of dismissal.

Comprehensive Examinations and Other Culminating Experiences

Every graduate degree program concludes with a mandatory culminating experience, which requires candidates to synthesize their learning and apply knowledge acquired throughout the program. Unless a program has been approved to offer another type of culminating experience, the culminating experience takes the form of a comprehensive examination. All Incomplete (I) and In Progress (IP) grades should be cleared prior to registration for the comprehensive examination.

Each program will provide its students a written description of their culminating experience, including eligibility, grading standards, and procedures for evaluating the experience. These must be posted on the department/program website. Departments will do everything possible to ensure fair review of student work within their program standards. Those standards could include the number of raters, guidelines of expectations, and criteria for passing.

Candidates who fail the comprehensive examination on the first attempt may retake the comprehensive examination a second time at the next or a subsequent offering within the six-year limit from the candidate’s matriculation date into a program. A second option is to appeal the outcome of the comprehensive examination as per the Student Complaint and Grade Appeals policies (see TCNJ Policy Manual, https://policies.tcnj.edu/).

Candidates who fail the examination on the second attempt may appeal the outcome of the second attempt. If the appeal is unsuccessful, the candidate will be dismissed from the program.

Candidates who fail any other type of culminating experience may appeal per the Student Complaint and Grade Appeals policies, with the graduate coordinator serving as the faculty member in step A of the process.

Candidates who are unable to take the scheduled comprehensive examination must consult with the graduate program coordinator. If the next offering is beyond the student’s six-year limit to program completion, please see policy on Program Completion Limit and Retention Standards above.

Comprehensive exams are scheduled by individual programs. Students must register for the comprehensive exam during registration. Specific exam dates may be obtained from the appropriate program.

Application for Conferral of Degree

Candidates for the master’s degree must apply for graduation via PAWS. Additional instructions may be found at https://pawshelp.tcnj.edu/undergraduate-students/graduates-students/. The application is managed by the Office of Records and Registration.

Degrees are conferred in December, January, May, and August. For deadlines, please consult the Academic Calendar at https://academics.tcnj.edu/academic-calendars/, or contact the Office of Records and Registration.

Note: To qualify for January conferral of degree, a student must apply for Winter graduation and must take and complete their final course during that winter session at TCNJ.
Graduation
Commencement exercises are held in the spring of each year. Students are not required to attend but are encouraged to do so, including those whose degrees were conferred after the date of the previous commencement.

Obligations and Holds
Obligations to the College (e.g., tuition, fees, outstanding library books, parking fines, etc.) which have not been fulfilled will result in a student being prohibited from registering for courses or in the withholding of a student’s transcript and diploma. Delinquent loans (federal, state, or college) also may result in the withholding of the student’s transcript and diploma. Students may view their financial obligations and registration holds on their PAWS “Student Center.”
Orientation and Responsibility to Inform and Keep Informed

The main responsibility for keeping informed rests with each student. The current Graduate Bulletin, along with information shared on the website and through College e-mail, will typically be the primary sources of information about the graduate program. The College will make every effort to inform students of changes in the programs as they occur. Nevertheless, students should take the initiative to consult their graduate program advisers and the Office of Graduate and Advancing Education to keep current and for advice before making significant decisions.

Students have the concomitant responsibility to inform their advisers and the administration of any changes affecting their status. Students should refer to the College’s website for the most up-to-date information on policies and procedures.

Student Complaints Policy

I. INTRODUCTION
This document outlines the procedure students should follow for complaints. This procedure should not be used for complaints about areas for which there is a separate complaint policy, such as academic integrity appeals, grade appeals, or complaints involving discrimination or sexual harassment. Students who are uncertain about which complaint procedure to use should ask their department chair.

II. DEFINITIONS N/A

III. POLICY
(For complaints/appeals not involving academic integrity appeals, grade appeals or discrimination or sexual harassment. Also see Discrimination Complaints Procedure, Title IX policy, and Grade Appeals policy.)

Students having a complaint shall follow the steps below. If either party is not satisfied with the decision at any step, a written appeal may be made at the next step. In the case that the student cannot contact a faculty or staff member, the student should contact the chairperson of the department or director of the relevant office or program.

1. Clarification and potential resolution of the issue: A student should begin by discussing the issue with an appropriate faculty member or College staff person. In many cases, this may be the student’s academic advisor. If the student is unsure where to direct the complaint, the student may consult with the chair of the department or assistant dean of the school most closely associated with the issue. If the issue is resolved through discussion, no further action is necessary. Step 1 should happen as soon as possible, but no later than thirty days after the issue occurred.

2. Formal complaint: If the issue is not resolved at Step 1, the student may articulate a formal complaint in writing via email to the faculty or staff member most closely associated with the issue. Appropriate documentation
must be submitted as necessary to support the complaint. The faculty or staff person receiving the complaint will issue a written decision to the student within thirty calendar days. If the student does not receive a written response within thirty calendar days, the student should follow the procedure outlined in Step 3.

3. Appeal to the Chair or Director: Upon receipt of the decision in Step 2, the student may appeal the decision to the chairperson of the department or director of the relevant office or program. The appeal must be in written form and include appropriate documentation to support the appeal of the previous decision. A student who wishes to file a written appeal must inform the department chair or director within a period of fifteen calendar days after receiving the decision at Step 2. It is the responsibility of the student to submit a written statement outlining the basis and grounds of the complaint, and supporting documentation must be included as necessary to support the appeal. The chair or director may choose to review the appeal, refer it to a designee or committee within the department or, if it is about an issue outside the department, refer it to the appropriate administrator. A review would include contacting appropriate individuals, as necessary. The chair or director must respond to the appealing party within thirty calendar days.

4. Appeal to the Dean’s Office: Upon receipt of the decision in Step 3, either party may appeal the decision to the office of the dean of the student’s school. The dean or dean’s designee will determine whether to consider the appeal or to refer it to another office. It is the responsibility of the appealing party to file a written appeal with appropriate documentation within thirty calendar days after receiving the decision at Step 3. The office reviewing the appeal must respond to the appealing party within thirty calendar days.

5. Appeal to the Provost: Either party may appeal the decision at Step 4 to the Office of Academic Affairs (the Provost or a provost-level designee). An appeal at this level may only be made 1) on the grounds that the decision did not follow established College policy or 2) if new information is available. Neither party may appeal a decision made at Step 4 simply because of dissatisfaction with the decision. A party who has grounds for an appeal to the Provost must submit this appeal in writing within thirty calendar days after receiving the decision in Step 4 and must specifically outline either how appropriate College policies were not followed or that new information is available. The Office of Academic Affairs has the authority to decide if the appeal has merit, in which case it may choose to review the matter further and present a final decision regarding the case in question. The decision of the Office of Academic Affairs is final and not subject to appeal. If the Office of Academic Affairs denies the basis of the appeal, then the decision at Step 4 is final.

Students with complaints should begin the complaint process as soon as possible but no later than thirty days after an issue occurs. Records of formal complaints from Step 3 or higher will be kept for a period of five years in the department, school, or administrative office where the complaint is resolved.
Academic Services and Support

Accessibility Resource Center
Guided by the Americans with Disabilities Act (ADA) of 1990 & Section 504 of the Rehabilitation Act of 1973, the Accessibility Resource Center collaborates with the campus community in regard to access and accommodations for students, faculty, staff and guests. ARC promotes an awareness of disability as a facet of diversity with underpinnings of collaborative efforts being rooted in social justice.

For more information about ARC, please see: https://arc.tcnj.edu/. Any follow-up inquiries can also be sent to arc@tcnj.edu.

Bookstore
Barnes & Noble @ The College of New Jersey Bookstore (609-359-5056), located in Campus Town is a fully functioning Barnes and Noble College bookstore and offers general reading books as well as textbooks, trade books, magazines, supplies, clothing, and a Barnes & Noble Café.

Most college programs require adherence to APA writing styles. This reference book is available in the bookstore.

You can check store hours and order books online at https://bncollege.com/.

Certificate Office
Upon recommendation of the respective program chair/coordinator, the TCNJ Certification Office provides and processes application documents for students seeking New Jersey certification in the area of their completed college and state-approved program. Inquiries concerning certification should be directed to the TCNJ Certification Office by e-mail at certification@tcnj.edu or by phone at 609.771.2318.

Computer Labs
Students will find computer facilities abundant and readily accessible, with over 600 computers in more than 30 computer labs located throughout the campus. While the majority of the computer labs are PC workstations, there are also a number with Mac and Linux workstations.

Computer labs are equipped with standard campus software, including Microsoft Office (Word for word processing, Excel for spreadsheets, Access for databases, and PowerPoint for presentations). Each computer has access to the Internet and e-mail capabilities.

A variety of specialized hardware and software exists as well for the departments that use computer labs. While all computer labs have the standard campus software, some have specialized software to accommodate specific departments.

For weekly lab hours and lab locations, visit https://computerlabs.tcnj.edu/.

Instructional Technology Services (ITS) Center
ITS is located on the lower level of the Library in room 4, and provides an open facility in which students and faculty may preview, plan, organize, and produce digital and hard copy forms of presentation materials, such as digital video and large format posters, for classes and out-of-class assignments. For more information, please call 609.771.2114 or visit https://its.tcnj.edu/.

R. Barbara Gitenstein Library
The beautiful TCNJ library opened in Fall 2005 and serves as an intellectual, cultural, and social center for the College. The five-story, 135,000 square-foot facility is situated on the quad just east of Green Hall. In addition to housing traditional library collections and services in an atmosphere that is elegant yet friendly and inviting throughout, the building provides 26 group study rooms, generous amounts of comfortable seating in addition to tables and carrels, and both Wi-Fi and LAN (i.e., wireless and wired) connectivity throughout. One of the group study rooms is reserved for graduate student use. Special design features include a café, a late-night/24-hour study area, and a 105-seat multipurpose auditorium.

The expert librarians and staff are dedicated to providing support for the work of the students and faculty of the College. In addition to advanced studies in library and information science, each subject librarian has additional graduate degrees in one of the major academic areas. Students are encouraged to consult them. They can be located through the library reference department or via the directories on the library’s website, https://library.tcnj.edu/.

The Felix E. Hirsch Reference Collection of over 30,000 volumes provides rich support for undergraduate and graduate study and research. It includes comprehensive bibliographical resources together with a broad collection of encyclopedias, dictionaries, handbooks, and guides in every discipline, as well as many specialized reference works in major languages. The collection is constantly augmented by new acquisitions.

The library subscribes to over 1,400 periodicals. These include scholarly, professional, and general interest journals and newspapers, both American and foreign. Library users also have access to the contents of an additional 45,000 scholarly titles via electronic periodical indexes. The library’s website and online catalog provide access to all these resources, as well to the 680,000-volume collection. The library also houses extensive microform collections; publications of the New Jersey state government (the library is a New Jersey Depository); various special collections; and a media viewing and listening facility with sound recordings, videos, and interactive computer software. Networked PC workstations are available throughout the building, and laptops may be borrowed at the Access Services Desk.

The library provides interlibrary loan and document delivery services to supplement the collections. Any student or faculty member may request document delivery of periodical articles not
owned by the library; the average delivery time for articles is nine hours. Books not owned by the library may be borrowed through the nationwide interlibrary loan network of academic libraries and research centers; the average delivery time for books is five business days. The library maintains cooperative arrangements with many regional academic libraries, from which students and faculty may borrow materials directly. All floors of the library are easily accessible to users with differing abilities, and an assortment of adaptive technological and additional services are available for patrons with special needs. The library is open to the public 98 hours per week; a reduced schedule applies during vacations. For additional information concerning access to the library and its collections, consult the library's website, https://library.tcnj.edu/, also available via the library link on the TCNJ homepage.
Campus Services and Organizations

Alumni Association
Students who receive advanced degrees or graduate certificates from The College of New Jersey become members of the Alumni Association. The association provides alumni with opportunities to be part of networking and mentoring programs, affinity chapters, and college-wide events. Visit https://alumni.tcnj.edu/ to update your information and check out the various opportunities available to alumni. For more information, please contact the Alumni Engagement Office at 609.771.2598 or e-mail alumni@tcnj.edu.

Athletics Events
The College participates in NCAA Division III sports. Graduate students may attend all regular season events free of charge with a student ID card. For additional ticket information and a schedule of events, see the Department of Athletics website at https://tcnjathletics.com/index.aspx.

Athletics Facilities
Graduate students may utilize the College's indoor and outdoor athletic recreation sport facilities for general recreation. The Student Recreation Center offers racquetball, tennis, and basketball. There are also eight lighted outdoor tennis courts and an eight-lane, 400-meter synthetic surface track for jogging. The Aquatic Center located in Packer Hall and the newly constructed Fitness Center located in Campus Town, are also available for use. For more information regarding athletic recreation sport programs and facilities, please the Recreation and Wellness website https://recreation.tcnj.edu/.

Clayton R. Brower Student Center
The Brower Student Center is at the heart of the campus community offering services, activities, and event planning assistance and management for the convenience and enjoyment of students and guests.

Career Center
The Career Center provides services and programs to assist students with career planning. Professional career counselors are available to assist students in clarifying career goals and developing a job search plan. The Career Center offers the following:

• Individual career counseling.
• Open hours for a quick resume review, check website for hours.
• Workshops on topics such as resume writing, interviewing, and job search strategies.
• Annual Education On-Campus Interview Days: three days each spring semester during which school districts hold job interviews for full-time permanent positions within their districts.
• Focus2, a computerized system of career guidance with a variety of online resources.
• Assistance with identifying and applying to advanced degree programs.
• Student employment: campus employment opportunities.
• Full- and part-time employment listings (local, state, and national).
• Credentials Service: a service that manages letters of reference for employment or further study.
• Lionslink: an online database of internship and full-time employment opportunities that assists students with their job searches by posting student resumes and making resumes web-accessible to employers.

Career Planning presents on a number of specific topics through “C.A.P”—Crime Awareness Program.

To ensure that the College continues to maintain a safe campus, members of the community are urged to report all crimes (actual, attempted, or suspected) to the Office of Campus Police Services. Motor vehicle accidents should also be reported.

To view the College’s Annual Security Report, please visit the College website at https://campuspolice.tcnj.edu/resources/stats/.

Emergency telephones may be found at various locations around the campus. These phones connect directly with campus police headquarters and may be used to summon help in an emergency.

From on-campus telephones and pay phones, please dial 911 to report police, fire, or medical emergencies. For non-emergency situations, questions, or general administrative matters, please call 609.771.2345. For further information concerning The Office of Campus Police Services please visit our web page at https://campuspolice.tcnj.edu/.
• **Dining Out in Professional Style** teaches students professional and dining etiquette.

The Career Center, located in Roscoe L. West Hall, Room 102, is open from 8:30 a.m. to 6 p.m. Monday–Thursday and 8:30 a.m.–4:30 p.m. Friday, during the academic year; please contact the Career Center for summer and academic year breaks.

For further information, visit the Career Center at TCNJ's website at https://career.tcnj.edu/. The office can be reached via email at career@tcnj.edu or by phone at 609.771.2161.

**Counseling and Prevention Services (CAPS)**

Confidential evaluation and brief, time-limited services are available to graduate students at no cost. Mental health services help ameliorate problems that interfere with a student's educational progress and can be helpful in developing one's professional role. Graduate students are often faced with increased demands on time along with other unique stressors and challenges; such counseling may serve as an opportunity to develop constructive responses to often competing demands. Individual, couples, group, and referral services are provided by licensed, clinically trained staff and trainees. Limited psychiatric evaluation and medication monitoring services are available for on-going clients.

In addition to providing direct clinical care, mental health services offers a formal training program for advanced graduate students studying to become clinicians. Through practicum and/or internship placement, this experience provides opportunity to apply classroom knowledge in a challenging and rewarding setting. Interviews for training positions are conducted during the spring semester (typically during March) for anticipated start in September.

CAPS is located in Eickhoff Hall 107 and shares a reception area with Student Health Services. The front office is open from 8:30 a.m. to 4:30 p.m. Monday through Friday. For further information, please contact us at 609.771.2247 or https://caps.tcnj.edu/.

**Dining Services**

Whether it's a full meal or a hot cup of Starbucks coffee, TCNJ Dining Services’ 10 facilities across campus have what you need to get through your classes and long hours of studying. Visit https://tcnj.sodexomyway.com/ for hours of operation, menus, nutritional information and so much more! Or find us on Facebook, Twitter and Instagram by searching TCNJ Dining Services.

Please see https://tcnj.sodexomyway.com/dining-near-me/around-campus for a full list of campus locations and offerings.

**Student Health Services**

Student Health Services (SHS) is a medical office located conveniently on campus in Eickhoff Hall, Suite 107. All currently enrolled TCNJ students are eligible to use this service. The office is open Monday–Friday, 8:30 a.m. to 4:00 p.m. during the fall and spring semester. Limited summer hours are available.

Services include the evaluation, diagnosis, and treatment of a variety of illnesses, conditions, and injuries, pre- and post-travel health consults, routine and travel vaccinations, academic-required physical exams, Tuberculosis (TB) testing and latent TB treatment, suture removal, basic gynecological services including annual exams and PAPS, birth control, and emergency contraception, sexual and reproductive health care including PrEP, STD testing and treatment, and on-site rapid testing for strep throat, flu, pregnancy, urinary infections, and blood glucose. Care or monitoring of chronic health conditions is not available. For more information, see the SHS's website at https://health.tcnj.edu/.

To schedule an appointment, call 609.771.2889 or log on to OWL (Online Wellness Link) at https://health.tcnj.edu/appointments/.

Emergency medical assistance can be obtained by calling 9-1-1, or Campus Police at 609.771.2345. Blue-light call boxes and telephones are available for use in key locations across campus.

**Student Campus Employment**

Student campus employment is overseen by the Office of Human Resources. Please see the student employment website (https://studentemployment.tcnj.edu/) for policies, procedures, opportunities, and related information.

**Student Conduct and Off-Campus Services**

Please see the office website (https://conduct.tcnj.edu) for policies, assistance, and community support efforts.

Creating Agents of Change

Creating Agents of Change is the conceptual framework for professional education at The College of New Jersey, guiding all programs in the School of Education and throughout the College. Based on current thinking, research, and practice regarding the nature of learning, teaching, schooling, and leadership, the framework supports the creation of an informed, active, and reflective educator and practitioner who is effective in influencing positive change in multiple academic, clinical, and professional settings. The mission statement and guiding principles define our shared vision of Creating Agents of Change.

Mission Statement

Consistent with The College of New Jersey’s clear public service mandate, The School of Education is committed to preparing exceptional teachers and clinicians. The basic tenet underlying our practice is our accepted truth that all individuals can learn and grow, and deserve schools/clinics and teachers/clinicians that respect their individual needs and circumstances while striving to give them the knowledge and skills to be successful in the larger society. Furthermore, we accept as truth the ideal that education is key to addressing the inequalities that exist in society, and that teachers and other school professionals can and should be agents for positive social change. Therefore, through ongoing partnerships with our colleagues in K – 12 education and state government, faculty of the School of Education remain dedicated to the core mission of producing high-quality professionals who possess solid content knowledge, demonstrated clinical competence, and a clearly articulated belief that all individuals deserve the highest quality practices in their schools and clinics.

Guiding Principles

The following five principles form a statement of beliefs that provides a framework that guides our day-to-day practice.

Principle One: Demonstrating Subject Matter Expertise.

We believe that teaching is a profession. As such, professional teachers should develop a solid base of knowledge in such areas as literacy, numeracy, child development, learning theory, exceptionality, and pedagogical techniques. All teaching candidates will complete their programs at The College of New Jersey eligible to be considered “highly qualified.”

Principle Two: Demonstrating Excellence in Planning and Practice.

We believe that our professional candidates must develop sophisticated pedagogical knowledge to design and implement effective instruction or interventions. They should possess an in-depth understanding of human growth and development to enable them to make developmentally appropriate decisions. They should be fully immersed, in both the college classroom and in the field, in a social-constructivist perspective of learning and its implications for student-centered planning, scaffolded learning experiences, and the use of a wide repertoire of instructional strategies, including appropriate use of current technology. We believe that our professional candidates should appreciate the importance of a productive learning environment in which teachers and children communicate effectively and respectfully.

Principle Three: Demonstrating a Commitment to ALL Learners.

We believe that our professional candidates should have the skill and the will to help all learners reach their full potential. Our candidates must believe in the ability of all students to learn and grow, must be able to implement the principles of culturally responsive teaching and differentiated instruction, and must understand the importance of partnerships with families, community members, and other professionals to address children’s diverse needs. We believe our candidates need to experience diverse teaching/clinical settings in their programs at TCNJ and that students should be encouraged and supported to take advantage of opportunities to develop global perspectives through study abroad and international student teaching.

Principle Four: Demonstrating a Strong, Positive Effect on Student Growth.

We believe that our professional candidates must see their success in terms of the progress made by their students. We are supportive of the underlying principle that all children should make progress in school. Our candidates must understand how to accurately assess their learners’ strengths and needs through a variety of assessment tools, and how to use assessment information to provide effective data-driven instruction or interventions. Our candidates must also demonstrate an ability to effectively communicate information to a variety of audiences, including parents and guardians.

Principle Five: Demonstrating Professionalism, Advocacy, and Leadership.

We believe that our professional candidates need to continue to develop their theoretical knowledge and practical skills well after they complete their program and enter their chosen career. As we strive to admit highly capable, high-achieving candidates into our program, we believe that our candidates are in a unique position to become future leaders, advocating not only for the needs of children and youth in New Jersey, but also for the educational professions at large. Our programs focus on developing reflective thinking skills, as well as providing opportunities for our candidates to participate in various field experiences that require them to see themselves as professionals and to take on leadership roles.
Accreditation
The College of New Jersey School of Education is a member in good standing of the Association for Advancing Quality in Educator Preparation (AAQEP), a national organization recognized by the Council for Higher Education Accreditation. The School of Education has submitted its Quality Assurance Report (QAR) and is working toward accreditation of its educator preparation programs under the AAQEP standards with a scheduled quality assurance review in Fall 2023.

Programs at the bachelor’s and master’s level for the preparation of teachers are accredited by CAEP, The Council for the Accreditation of Educator Preparation. (Note: NCATE and TEAC consolidated to become CAEP.)

State Regulation
Students taking part in programs which lead to state-issued licences and other credentials should be aware that the curriculum is designed to comply with the State of New Jersey’s Administrative Code. Consequently, the School of Education may be required to alter graduation and/or certification requirements to meet any and all changes mandated by the New Jersey Department of Education and other regulatory bodies.

Education and Teacher Preparation
Education and teacher preparation at the graduate level are vital to realizing the School of Education’s mission in the preparation and ongoing professional development of educators and clinicians. Through graduate study, students may prepare to enter a new field or to develop and enhance skills and abilities critical to maintaining excellence in the practice of the profession to which they already belong. Graduate study emphasizes depth of knowledge, the importance of drawing critical connections among theory, research, and practice; and the ongoing need to approach one’s work in a spirit of inquiry. The degree and non-degree programs described below within departments exemplify the School of Education’s commitment to providing leadership and maintaining excellence across the continuum of professional practice.

In addition to meeting all specific program requirements and passing all state-required licensure exams, the following items are required for NJ State-issued certification to work in NJ schools:

1. Candidates for instructional certificates shall have completed a course or shall pass an examination in health and physiology issues. [N.J. Administrative Code, section 6A:9-5.9]
2. Candidates for all types of certificates shall have satisfactorily completed a program on HIB (harassment, intimidation and bullying) prevention. [N.J.S.A. 18A:26.8.2 and N.J.A.C. 6A:9-16.7] (Note: HIB certification is required for all candidates for instructional certificates. It is not demonstrable, the candidate must take and pass the Praxis Core exam (except from the Praxis I).
3. Candidates for all types of certificates must also demonstrate proficiency in basic skills as evidenced by a passing score on a Commissioner-approved test of basic skills, such as the GRE, SAT, or ACT. If a passing score is not demonstrable, the candidate must take and pass the Praxis Core exam (except from the Praxis I).
4. In order to become certified, students successfully completing a teacher preparation program which leads to licensure eligibility must take and pass the Praxis Content Knowledge exam in their area of specialization.

Master of Education in Teaching English as a Second Language

30 credits

Program codes: ESLA_MED01 (Global), ESLA_MED02 (On-Campus)

Yiqiang Wu, Professor (wuyiqian@tcnj.edu)

The program consists of coursework leading to the Master of Education in Teaching English as a Second Language (M.Ed in TESL). Certified teachers may complete this program to obtain the ESL and Bilingual endorsements. Students who do not hold a standard or CEAS New Jersey teaching certification must complete an initial teaching certification program prior to seeking the M.Ed in TESL. It is recommended that students complete the TESL Initial Certification program and then continue on to the M.Ed in TESL to expedite eligibility for the ESL and Bilingual endorsements. Students who elect to pursue the M.Ed in TESL without completing the TESL Initial Certification program first will only be eligible for the ESL and Bilingual endorsements after completion of the M.Ed program.

Admission Requirements

- Bachelor’s degree from an accredited or approved institution.
- A standard or CEAS New Jersey teaching certification.

Graduation Requirements

- 30 credits.
- Cumulative GPA of 3.0 or higher in the program and completion of all program requirements/prerequisites.

Secondary Education
Urban Secondary Education,
Accelerated Bachelor’s to Master’s Programs
Only available to TCNJ students who begin at the undergraduate level.
Program code: USED_MAT01
Marissa Bellino, Interim Coordinator
Associate Professor (bellinom@tcnj.edu)
Jonathan Davis, Coordinator (Sabbatical AY23-24)
Associate Professor (davisj@tcnj.edu)

The Department of Educational Administration and Secondary Education offers an accelerated bachelor’s to master’s Urban Secondary Education program consisting of both undergraduate and graduate courses that support the preparation of students matriculated in secondary education track programs in biology, chemistry, physics, mathematics, social studies (through either the history or the economics major), and English.

Upon completion of this program students apply for certification in their content area and earn a Master of Arts in Teaching in Urban Secondary Education. Additionally, students select one of three concentrations: Literacy, Special Education or ESL. The ESL concentration may lead to an additional certification in ESL if students complete the five required courses. Program courses are guided by the Conceptual Framework of the School of Education, the New Jersey Administrative Code and State Standards, and national accrediting organizations.
Admission to Graduate Program Requirements

Only students who have completed a bachelor's degree in the Urban Secondary Education program at TCNJ may matriculate into the MAT.

Students must have a cumulative GPA of 3.0 or higher to matriculate into the MAT portion of the program.

Master of Education in Educational Leadership – Instruction
in partnership with The Regional Training Center (RTC).
30 credits
Program code: EDAD_MED05
Alan Amtzis, Director (amtzis@tcnj.edu)

The Master of Education (MEd) in Educational Leadership: Instruction program addresses the teacher within the context of the classroom, as well as the greater educational community, with regard to school-wide teacher reform, teachers’ professional development, and teacher leadership. The reflective practices of self-study and classroom inquiry provide a thematic curricular link to instructional methodology throughout the program.

Classroom-based inquiry is increasingly featured as a critical component of contemporary educational assessment models. The Regional Training Center (RTC) has been providing quality graduate course work in education throughout the Mid-Atlantic region since 1993. TCNJ has been the New Jersey partner in providing sponsorship for graduate RTC programs offered throughout the state since 2000. This partnership has grown to include the Master of Education in Educational Leadership: Instruction, which will include both on- and off-campus work.

**Counselor Education**
Sandy Gibson, Professor (gibsonc@tcnj.edu)

The Department of Counselor Education at The College of New Jersey is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

**Master of Arts in Counselor Education**

**Admission Requirements**
An earned bachelor’s degree from an accredited or approved institution.
Graduate Record Exam (GRE) – for test waiver information, please visit https://graduate.tcnj.edu/apply/.
Interview (to be arranged by the department).

Candidates for the Master of Arts in Counseling programs must present a bachelor’s degree from an accredited college or university, meet college matriculation requirements, and attend an interview with the department faculty. In addition to the above criteria, consideration will be given to the candidate’s openness to personal and professional self-development, potential success in developing interpersonal relationships in a counseling context, and prior relevant experiences. Meeting these minimum criteria does not guarantee admission to the department.

**Retention Standards**
In accordance with college policy, all graduate students must maintain a cumulative grade point average (GPA) of 3.0. Any student whose GPA falls below 3.0 will be placed on academic probation and will be dismissed if an overall GPA of 3.0 is not achieved by the end of a probationary semester.

A minimum grade of B or better in COUN 501, 670, 675, 690, and 693 (or 694/695) is required. With department approval, students who receive a grade of B-, C+, C, or C in these courses or their prerequisites will be permitted to retake the course(s) in question only once to improve their grade and remain in the program. Failure to obtain a B or better in the second attempt will result in automatic termination. No student who has received a grade of B- or lower in a prerequisite course(s) will be permitted to enroll in COUN 670, 675, 690 or 693 (or 694/695). A student receiving an “F” grade in any course will automatically be denied continuance in the Department of Counselor Education program.

Students are also responsible to obtain, familiarize themselves with, and abide by the department’s specialized policies and procedures as documented in the most recent edition of the department’s student manual.

(300 hours of the total 600 hours of clinical work for the internship experience must be specific to substance abuse and addiction counseling work.)

Student Assistance Coordinator Program
Graduate Certificate
21 credits
Program code: COUN_CER_02
Sandy Gibson, Professor (gibsonc@tcnj.edu)

This 21-credit graduate program prepares individuals to become student assistance coordinators in the public schools. Certification will be granted by the New Jersey Department of Education. These courses can be taken as part of, and in addition to, the required courses needed for the 48-credit master’s degree program in counseling. All applicants for the Student Assistance Coordinator Program must meet the admission requirements of the Department of Counselor Education.

Prerequisite Coursework
Coursework in introductory counseling, including pre-practicum skills, theories of counseling, and group counseling or their equivalents, should be completed prior to enrollment in the program.

Applicants who have not completed these particular courses may take COUN 501, COUN 670, or COUN 675 as part of their program of study.

Admission Requirements
Bachelor’s/master’s degrees where applicable from an accredited or approved institution.
Evidence of certification or licensure as one of the following: school counselor, school psychologist, school social worker, director of school counseling services, school nurse, alcohol and drug counselor (CADC or LCADC), or prevention specialist (CPS); OR possess a standard instructional certificate; OR possess a master’s degree or higher from a regionally accredited college or university.
Graduate Record Exam (GRE) – for test waiver information, please visit https://graduate.tcnj.edu/apply/.

Required Courses
COUN 551/Substance Abuse and Addiction: Individual, Family, and Society
COUN 552/ Prevention Strategies for Schools and Communities
COUN 553/ Treating Addiction and Co-Occurring Disorders
COUN 554/Student Assistance Coordination in the Schools

COUN 600/ Introduction to Marriage, Couple, and Family Counseling and Therapy
Clinical course (one) to be chosen from the following:
COUN 690/ Practicum Seminar (completed at a SAC site)
COUN 698/ Department Project: SAC Practicum

All students must complete at least 15 credit hours in the program (not including COUN 501, COUN 670, or COUN 675) before enrolling in the practicum. Additionally, the practicum must be completed during the last semester of studies.
A focus on Integrative STEM education has been building nationally, with recent emphasis on "design pedagogy," which utilizes the Technology and Engineering components of STEM to engage students in a highly integrative, interdisciplinary fashion with deeply authentic teaching and learning experiences. Recently, the Next Generation Science Standards (NGSS) recognized the value of the T & E of STEM and explicitly included engineering design into both their framework and detailed standards for preK – 12 education.

The School of Engineering at TCNJ has substantial experiences and expertise in K – 12 Technology and Engineering education, as well as Integrative STEM education. The School of Engineering's Department of Integrative STEM Education has had strong STEM-oriented education programs since approximately 1987, when a strong shift towards design pedagogy occurred in the department's teacher preparation curriculum.

The Department of Integrative STEM Education started the country's first Integrative STEM teacher preparation program in 1998: the preK – 6 (8) iSTEM program (originally named "Math/Science/Technology"). For the past several years, the iSTEM undergraduate program has been the largest disciplinary content area for teacher education candidates at TCNJ. Additionally, TCNJ has been strongly involved nationally, serving on important national committees on PK – 12 Technology and Engineering Education, and has led the development of ST EM teaching methods and has published substantially in the field.

Master of Education in Integrative STEM Education

Program code: STEM_M_ED 01
Manuel Figueroa, Associate Professor (figuerom@tcnj.edu)

This program is designed for in-service, certified teachers. The program offers an intellectually stimulating course of study that provides its students with integrative, design-centric teaching and learning methods applicable across preK – 12 grade levels. Key components of the Integrative STEM M.Ed. program include:

1. Integrative: Substantial emphasis on Integrative (cross-curricular) methods, between STEM components but also, and as importantly, includes valuable connections with non-STEM content areas.
2. Design Pedagogies: Design pedagogies can be described as design-centric Problem/Project-Based Learning (PBL) methods and are covered extensively within the program. Design processes (the "T&CE" of STEM) require higher levels of cognitive thinking, and importantly, often include highly contextualized frameworks.

3. Content Area Knowledge: Content in individual STEM areas is covered throughout the program within both Methods and Content courses, yielding valuable content/context specific applicability. Additional NJ State content endorsements may be possible depending on individual's background.
4. Practical Approach: Gives teachers practical skills and knowledge, including curricular writing, inclusive practices, and deep connections to educational standards (Next Generation Science Standards, Common Core, 21st Century skills, etc.). TCNJ college certificates or NJ State certification paths are possible.

Admission Requirements

Bachelor's degree with a valid teacher certification.
Graduate Record Exam (GRE) – for test waiver information, please visit https://graduate.tcnj.edu/apply/.
Submission of Graduate Application materials, including a Field Setting Report. (See the Graduate Studies website for more detailed descriptions and the most current requirements: https://graduate.tcnj.edu/)

Graduation Requirements

Cumulative grade point average of 3.0 or higher in the M.Ed. in Integrative STEM program and completion of all program requirements/prerequisites.

Required Courses

I. Teaching & Learning Core 15 cr.
   - STEM 510/Foundations in Integrative STEM Education
   - STEM 520/Integrative STEM Pedagogy
   - STEM 530/Integrative STEM Curriculum

Graduate Certificate in Integrative STEM Methods
15 credits
Program code: STEM_CER01
Manuel Figueroa, Associate Professor (figuerom@tcnj.edu)

The Department of Integrative STEM Education offers a one-year graduate certificate (15 credits) in Integrative STEM Educational Methods. Students who complete the STEM core sequence (STEM 510, STEM 520, STEM 530, STEM 610), and the capstone course (STEM 660/STEM 700) are eligible for the certificate. The five courses can be completed in one calendar year starting every spring semester. Classes meet once a week in the evenings during the spring and fall semesters and twice a week during the summer semester. Classes are taught in a blended format. Additionally, graduates who complete the Master of Education (M.Ed.) in Integrative STEM (36 credits) will automatically receive the certificate in Integrative STEM Educational Methods.

Required Courses
STEM 510/Foundations in Integrative STEM Education
STEM 520/Integrative STEM Pedagogy
STEM 530/Integrative STEM Curriculum
STEM 610/Emerging Trends & Issues in Integrative STEM Education
STEM 660/Creativity & Systems Critical Thinking in Education

African American Studies

Graduate Certificate in Diversity, Equity, Inclusion, and Antiracism
15 credits
Program code: AFAM_CER01
Leigh-Anne Francis, Associate Professor (francisL@tcnj.edu)

The Graduate Certificate in Diversity, Equity, Inclusion, and Antiracism offers students the opportunity to understand and interrogate the historical, structural, cultural, and psychosocial sources of intersecting oppressions in all the courses. It also affords students the opportunity to think critically about existing solutions to these problems and develop novel, effective, context-specific strategies to resist and transform them. The certificate is especially appropriate for students who are already working in organizations (e.g., schools, companies, government, non-profits, etc.) and who would like to advocate for greater diversity, equity, and inclusion.

Admission Requirements
- Bachelor's degree from an accredited or approved institution.
- Letters of recommendation.
- Writing sample.

Completion Requirements
- 15 credits.
- Successful completion of all program requirements/prerequisites.

Required Courses
- PSYG 555/Social Psychology of Power, Oppression, and Privilege (cross-listed with PSY 355)
- AASG/SOC 581/Sociology of Race in the US (cross-listed with AAS/SOC 281)
- AASG 699/Capstone: Diversity, Equity, Inclusion, & Anti-Racism Graduate Practicum

Gender-Focused Elective (Choose one)
- AASG 576/HISG 565 African American Women's History
- AASG 575/W GST 565 Black Feminist Thought
- W GST 543/Queer Studies
- W GST 510/Feminist Theories
- W GST 520/Gender Equity in the Classroom
- W GST 530/Men and Masculinities: Literary Perspectives

Other Elective Course (Choose one)
- AASG/W GST 562/History of Black Lives Matter
- AASG 553/CRMG 552/Race, Crime, and Justice

English

Master of Arts in English
30 credits
Program code: ENGL_MA_01
Jo Carney, Professor (carney@tcnj.edu)

The Master of Arts in English offers students an advanced program of study with specialization in literatures in English. The program stresses contemporary literary theories and sound practices in research and writing. Although many students are part-time and take longer, full-time students may complete the degree in less than two years. For additional flexibility, credit is awarded for supervised independent study, research conducted with a faculty member, and independent research culminating in a master's thesis.

Admission Requirements
- Bachelor's degree from an accredited or approved institution.
- Letters of recommendation.
- Writing sample.

Graduation Requirements
- 30 credits
- Successful completion of all program requirements/prerequisites.

Required Courses
- ENGL 505/Contemporary Literary Theory and Methods

Elective Courses
- At least 21 elective credits must be from department offerings.

Comprehensive Examination
- ENGL 700
- Students complete the required Culminating Experience in either the final Spring or final Summer semester. No exceptions can be made for the completion of the total 10 required courses of graduate coursework or for the completion of the Comprehensive Exam in English.
English,

Accelerated Bachelor’s to Master’s Program

Only available to TCNJ students who begin at the undergraduate level.

Program code: ENGL_MA_01
Jo Carney, Professor (carney@tcnj.edu)

This accelerated program offers candidates the opportunity to graduate in five years with a BA and MA in English. Enrolled students benefit in many ways: with 10 graduate seminars, combined BA/MA graduates possess far more core content knowledge about literature, literary theory, and language; and with a graduate degree, students will be more competitive in local, regional, and national job markets. With just one extra year of study, undergraduate Secondary Education students can market themselves as highly-qualified teachers of English and Language Arts.

Admission to Graduate Program Requirements

TCNJ English majors apply in the fall semester of the junior year to the English Department through the MA Graduate Program in English website—https://englishgrad.tcnj.edu/. Minimum GPA requirements are 3.0 cumulative, 3.4 in the English major. GRE requirements and application fees are waived.

Students must have completed 16 courses (through their 4th semester), including required foundational literature courses and one upper-level (300- and 400-level) course. Students take their first two graduate courses in the spring semester of the senior year. These courses are not included in the undergraduate degree or GPA.

GRE and application fees are waived.

Required Courses: Senior Year 6 cr.

ENGL 505/Contemporary Literary Theory and Methods
Elective (must be from departmental offerings that do not require special permission)

Formal admission to the MA Program in English occurs after conferral of the bachelor’s degree and the successful completion of the two graduate level English classes (one of which must be ENGL 505/Contemporary Literary Theory and Methods). Successful completion of the English Content Exam is also required for ENGT.

Students then begin post-bachelor’s graduate coursework in the summer following commencement. Students complete the remaining eight elective courses in one academic year of full-time study.

Required Courses: Fifth Year 24 cr.

At least 21 elective credits must be from department offerings.

Comprehensive Examination

ENGL 700

Students complete the required Culminating Experience in either the final Spring or final Summer semester. No exceptions can be made for the completion of the total 10 required courses of graduate coursework or for the completion of the Comprehensive Exam in English.

Women’s, Gender, and Sexuality Studies

Graduate Certificate in Gender and Sexuality Studies

15 credits

Program code: WGST_CER01
Marla Jaksh, Professor (jakshm@tcnj.edu)

The Graduate Certificate in Gender and Sexuality Studies offers an advanced interdisciplinary program of study grounded in contemporary issues and current scholarship. The Gender and Sexuality Studies program is designed to serve both part-time and full-time students who are preparing for professional careers, students who are already working professionals, and students who are preparing for further graduate study. The program can be completed on its own or combined with the Masters programs in English or Counselor Education. A special track in Gender, Sexuality, and Disability Studies is recommended for New Jersey public educators preparing to mainstream LGBTQ and Disability studies in their classrooms in compliance with NJ SB 1569.

Admissions Requirements

Bachelor’s degree from an accredited or approved institution.

Completion Requirements

Public Policy
Master of Public Policy (MPP)
36 credits
Program code: POLS_MPP01
Daniel Bowen, Associate Professor (bowend@tcnj.edu)

The Master of Public Policy (MPP) degree program equips students to be effective policy analysts, researchers, advocates, and managers by providing high quality methodological training, individualized and group research opportunities, and interdisciplinary public policy expertise. The MPP seeks to serve the public interest in the Trenton-Mercer area, the state of New Jersey, and the Mid-Atlantic region through its teaching and applied research.

School of Nursing and Health Sciences

Mission Statement
The mission of the School of Nursing and Health Sciences is congruent with that of The College of New Jersey in promoting excellence, valuing diversity, and providing a service in a community of learners. The School of Nursing and Health Sciences serves the people of New Jersey and the nation by preparing professional nurses at the baccalaureate level and advanced practice nurses at the master's level, with all graduates prepared to be successful, ethical, and visionary leaders in a multicultural, highly technological, and increasingly global world.

Revision Advisory
The School of Nursing and Health Sciences maintains the right and responsibility to revise content as appropriate in response to changes to accreditation requirements or other professional standards in the field.

Nursing
The Master of Science in Nursing prepares advanced nurses to care for individuals, families, and school-age children. The curriculum builds on the nursing and scientific knowledge base of the baccalaureate-prepared nurse and focuses on advanced clinical decision-making and critical-thinking skills. Graduates are prepared to accurately and critically assess the health and illness experiences of individuals, families, and school-age children to develop health interventions, and to evaluate healthcare outcomes.

The MSN program offers five options: four nurse practitioner options (Family Nurse Practitioner [with variation for BSN - prepared nurse midwives and nurse practitioners], Adult/Gerontological Primary Care Nurse Practitioner, and Neonatal Nurse Practitioner) and a School Nurse option. MSN programs begin in the fall.

Three MSN certifications are offered: Family Nurse Practitioner, Adult/Gerontological Primary Care Nurse Practitioner, and Neonatal Nurse Practitioner and a School Nurse option. MSN programs begin in the fall.

Graduate Nursing Students
Required practicum hours for each course are listed in the course descriptions. Most MSN options may be completed in two years and two summers of full-time study. Students may take up to six years of part-time study to complete any of the options. Faculty advisers work closely with each student to plan an appropriate course of study and to ensure progress through the program.

The master's degree programs in nursing at The College of New Jersey are accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, N.W., Suite 530, Washington, D.C. 20036-1120, 202.887.6791.

Policy Statement on Minimum Grade in Clinical Courses for Graduate Nursing Students
Clinical courses include theoretical learning in the classroom, as well as practice in a clinical setting. Graduate students in courses with a clinical component must achieve a grade of B- or higher in order to continue in the clinical course sequence. Courses with a clinical component include NURS 633, 636, 637, 638, 660, 662, 663, 664, 665, 666, 690, and 695. In addition to courses with a clinical component, students must achieve a B- or higher in the following courses in order to progress in the program: NURS 503, 504, and 643.

A student who earns a C+ or C in any of the above courses may repeat the course once the next time the course is offered. A student who earns a C- or F in a clinical course will be dismissed from the program. A graduate nursing student may only repeat one course in the program one time. If a student repeats a course and subsequently earns a grade of less than B in that course or in any of the other listed courses, the student will be dismissed from the program. Students who are not meeting the academic requirements of the theoretical component of any clinical course may not be considered safe and may be excluded from clinical experience.

The policy for all graduate programs at The College of New Jersey is that the graduate student must maintain a GPA of 3.0. Should the student fall below this GPA, the student will be placed on academic probation and given one semester to raise the GPA to a minimum of 3.0. If this does not occur, then the student is dismissed from the program. If there is a course that is responsible for pulling down the GPA and it is only offered once a year, the student may be allowed to stay in the program until that course can be repeated. However, progression may not be allowed until the course is repeated and the GPA is 3.0 or above.

Public Health

Public Health is a vibrant field of practice and science. Public Health is a broad, interdisciplinary field in the practice and science of protecting and improving the health of families and communities—answering needs on local, national and global levels. Professionals work to preserve wellness, as well as prevent or minimize health problems by implementing intervention programs, recommending policies, administering services, and conducting studies. Public health professionals strive to decrease health disparities and improve healthcare access, equity, and quality. Students develop the leadership, critical thinking, and research capabilities to pursue a range of public health career options.

The Public Health program’s vision is to address emerging concerns in public health in order to create a more equitable and healthier world. The program’s mission is to promote critical thinking, leadership, and evidence-based practice in order to create improvement and equity in health outcomes for domestic and global populations.

Master of Public Health (MPH)

45 credits  
Program code: PBH L_MPH 01  
Sylvia Twersky, Associate Professor (twerskys@tcnj.edu)

The TCNJ MPH offers specialization tracks:

1. Epidemiology and Health Analytics focuses on the determinants and distribution of health as well as building the skill set to interpret and apply data for understanding population level health and the design and implementation of public health initiatives.

2. Health Communication explores state-of-the-art social marketing and communication strategies and innovative ways to motivate healthy behavior and reduce health risk. Interpersonal communication, social marketing campaigns and mass communication theories, strategies, and methods are explored as health changes are possible via institutions and agencies throughout the nation.

3. Global Health concentrates on the impact of culture, social structure, economics and politics on health and illness trends, social determinants of health, health disparities and public health policies worldwide.

The program is offered as a full-time, 2-year program or part-time as an up to 6-year program. In-person classes are offered on the TCNJ campus. Some courses also can be taken online or as hybrid (online/on-site). To accommodate working professionals, classes are scheduled in two-and-a-half (2 ½) hour blocks during the evening (5:30 pm and after).

Additionally, the department offers a dual-degree program which yields an MBA and MPH in two years of full-time study.

For undergraduate students, TCNJ also offers a “4+1” program accelerated program for upper-class TCNJ undergraduates wanting to pursue a combined Bachelor of Science and Master of Public Health degree and a 5-year option for incoming first-year students who want to pursue a combined Master’s and Bachelor’s degree.

Notice: Students follow the degree requirements of the Graduate Bulletin in effect when they begin their matriculation at the College. The information in this document applies to the 2023-2024 academic year. Students returning to the College after an absence of two consecutive regular-session semesters (not including summer or winter) follow the requirements in effect at the time of their return.

Admission Requirements

For entry into full-time or part-time (up to six years) programs

Bachelor’s degree by the time of matriculation with an overall GPA of 3.0 or higher from an accredited or approved institution. As Public Health is an interdisciplinary field, students from all backgrounds are welcome to apply. Depending on background, some undergraduate coursework may be required before full matriculation into the MPH program. Students who have no prior statistics course (equivalent to STA 115 or 215) may need to take an orientation to statistics and SPSS and/or take an introductory statistics course prior to beginning the Epidemiology/Biostatistics sequence.

Graduate Certificate in Public Health
15 credits
Program code: PBH_L_CER01
Sylvia Twersky, Associate Professor (twerskys@tcnj.edu)

The graduate certificate in Public Health at TCNJ aims to address the growing population health needs at the local, state, national, and global level. The program prepares graduates to meet the complex health needs of populations and individuals by: 1) assessing the social and political determinants of health; 2) critically analyzing data to determine health trends; 3) evaluating policy implications of health trends and health care delivery; and 4) synthesizing current population health practices to make recommendations for improvement. The certificate is designed for both working professionals and students preparing for further graduate study, beginning with a broad overview of population health.

Notice: Students follow the degree requirements of the Graduate Bulletin in effect when they begin their matriculation at the College. **Graduate Certificate in Health and Risk Communication**

12 credits
Program code: PBHL_CER02
Sylvia Twersky, Associate Professor (twerskys@tcnj.edu)

The Health and Risk Communication certificate will train individuals in the necessary tools and knowledge to persuade others to pursue healthier, less risky lives. The program prepares students to craft the most appropriate health and risk communication strategies for convincing target audiences to improve their life chances through coursework in issue research, program design, and program testing.

Students gain skills in taking a three-pronged approach to health and risk communication: Issue Research, Program Design, and Program Testing. This program will assist working professionals who want to gain a background in health and wellness communication in order to pursue employment with biotechnology firms, social advocacy organizations, non-profits, hospitals and health departments, state and federal health agencies, health foundations, community health centers, pharmaceutical companies, medical research facilities, and health and wellness-related businesses.

Global Graduate Programs

Overview
The mission of The College of New Jersey Global Programs is to create exemplary professionals by providing focused professional graduate studies in education, grounded in current best practices, in preparation for our students to take instructional or leadership positions in international schools throughout the world.

Coordinated by Off-Site Graduate Programs (OSGP), our programs in professional education comprise an extensive, integrated, and focused collection of experiences that are recognized worldwide and serve to expand the influence of the College and its mission. Through its global graduate programs, TCNJ offers a number of degrees, certificates, and professional development options to educators throughout the world at international sites. Additionally, students enrolled in any of our on-campus (Ewing, NJ) graduate programs are welcome to participate in summer global graduate studies.

General Site Information
Students may enroll in courses during the summer sessions at OSGP’s global site in Portugal or online, and also during winter/spring/fall sessions online. Please visit https://offsitegrad.tcnj.edu/ or contact the office via email (osgp@tcnj.edu) for more information.

Candidates are eligible for the Bilingual endorsement by
completing the indicated courses and the ACTFL Oral Proficiency Interview and Writing Proficiency in a target language.

Admission Requirements
A Bachelor’s degree from an accredited or approved institution.
For those seeking certification eligibility through this program (available to students located in New Jersey, USA):
Bachelor’s degree from an accredited or approved institution with an undergraduate major (or 30 semester hours) in a liberal arts and science major OR 60 semester-hour credits in liberal arts/science coursework. Undergraduate program must include: English—two college-level courses minimum, Mathematics—two college-level courses minimum, Science—two college-level courses minimum, Social Studies—two college-level courses minimum (one of the courses must be U.S. history), Educational psychology—one college-level course.
Demonstrated proficiency in basic skills as evidenced by a passing score on a Commissioner-approved test of basic skills, such as the GRE, SAT, or ACT. If a passing score is not demonstrable, the candidate must take and pass the Praxis Core exam (separate from the Praxis I).

Certification Process and Requirements
Please see the Certification Office website for further details: https://certification.tcnj.edu/.

Completion Requirements
15-24 credits.
Cumulative GPA of 3.0 or higher in the program and completion of all program requirements/prerequisites.

Global Master’s Program in Educational Leadership-Educational Studies
30-33 credits, varies by leadership experience
Program codes: EDUC_MA_01 with EDAD_CER01 and EDAD_SCT01
Linda Mayger, Associate Professor (maygerL@tcnj.edu)

The Master of Arts in Educational Studies (MAES) for global students allows students to combine certificates in Educational Leadership and Supervision along with a capstone requirement to earn a master’s degree. This MAES program of study requires a minimum of 30 credits and is designed to provide global educators with the knowledge and skills needed for a leadership position in a school setting. Courses include concepts of leadership administration, supervision, and curriculum development.

Admission Requirements
An earned bachelor’s degree from an accredited university or college, or other approved institution.
Graduate Record Exam (GRE) or Graduate Management Admission Test (GMAT) taken within the last five years for test waiver information, please visit https://graduate.tcnj.edu/apply/.
A completed online application.
Current resume.
Two strong letters of recommendation (e.g., unequivocal endorsements and letters from supervisors familiar with the applicant’s work are weighted favorably).
Personal essay.
Test of English as a Foreign Language (TOEFL) for applicants for whom English is a second language and who have limited experience working/learning in an English language environment.
Applicants must also meet the specific admission requirements of their selected certificate programs.

Graduation Requirements
Completion of credits based on leadership experience:
Those who currently serving in an educational administrative capacity: 30 credits.
Those who are NOT YET serving in an educational administrative capacity: 33 credits.
A cumulative GPA of 3.0 or better.
Satisfactory completion of all courses included in the selected certificate programs.
Completion of all departmental requirements for the associated certificates.
Note: Individual courses may fill the requirements of more than one certificate programs, but will only be counted as the stated credit amount toward the overall degree.

Linda Mayger, Associate Professor (maygerL@tcnj.edu)

The Post-Master’s Certificate in Global Educational Leadership is an intensive graduate program designed to provide global educators with the knowledge and skills needed for a leadership position in an international school setting. This program seeks to prepare exemplary school leaders and is explicitly aligned with the Professional Standards for Educational Leaders and the standards from the Association for Advancing Quality in Educator Preparation (AAQEP) to prepare school leaders who:
1. Demonstrate knowledge regarding social, emotional, and academic dimensions of P-12 learners.
2. Develop the knowledge, skills, and dispositions to engage in culturally responsive educational practices with diverse learners and in diverse cultural and socioeconomic community contexts.
3. Explain how to create and develop positive learning and working environments in a variety of school contexts.
4. Collect and use data and research to inform their practice.
5. Enable their own professional growth through goal setting, self-assessment, and reflection.
6. Develop skills and dispositions to collaborate with colleagues to support professional learning.

Admission Requirements
Undergraduate and graduate degree from an accredited college or university.
Competitive GPA.

Performance Learning Systems (PLS)
Off-Site Graduate Programs and Performance Learning Systems (PLS) work together to offer innovative, online graduate courses to meet the academic and professional needs of those who wish to take advantage of the benefits of an online learning experience. At present, students may enroll in the following graduate courses: Learning to Read (VCPD 530), Reading to Learn (VCPD 540), and Secondary Content Methods (VCPD 590), which are offered in the fall and spring terms.

To learn more about content and schedules for the courses, see the PLS website at https://www.plsclasses.com/.

VCPD 530/Reading to Learn: Beginning Reading Instruction (Online) 3 cr.
Learn to implement a balanced, integrated approach to teaching, beginning with reading centered on scientific strategies aligned with state and national reading research initiatives. These specially designed curriculum resources and teaching strategies will enhance the reading and learning processes across all areas of the curriculum. Teachers will have access to an interactive software and other resources designed to offer every student the opportunity to succeed in learning to read.

- Apply a balanced and integrated approach:
  - Teach phonemic decoding, comprehension strategies, and literature appreciation.
  - Encourage independent reading, using a variety of types of texts.
  - Explore relationships among words to teach vocabulary.
  - Use writing to foster greater understanding of text.

- Develop effective practices for teaching reading proficiency skills:
  - Phonemic awareness
  - Phonological awareness
  - Decoding
  - Fluency
  - Comprehension

- Prevent reading failure through intervention and assessment:
  - Screen students using informal assessments.
  - Monitor students' progress.
  - Establish an effective intervention system.

VCPD 540/Reading to Learn: Comprehension Instruction (Online) 3 cr.
Discover the best ways to help your students construct meaning from what they read. Examine scientifically based comprehension strategies and learn how to adapt them to your classroom and/or content area. Assess student progress and adjust your teaching to become more effective.

- Understand how to teach reading comprehension:
  - Analyze the latest reading comprehension research.
Examine the importance of effective reading-comprehension instruction across the curriculum.

Determine the variables related to successful reading comprehension, including learner characteristics, aspects of text, the reading task, motivation and engagement, and students’ use and transfer of strategies.

Implement effective reading comprehension practices:

- Provide appropriate reading comprehension strategies for diverse learners.
- Develop instructional practices that help students interact with texts to enhance meaning.
- Provide meaningful, productive vocabulary instruction.
- Use informal and formal assessments to diagnose students’ needs.
- Develop and implement intervention strategies for individual learners.
- Select and develop appropriate instructional materials that align with state and local standards.

**VCPD 590/Secondary Content Method (Online)** 3 cr.

This course examines the content in the secondary school content curriculum standards and helps students make connections among the higher-level courses they have taken in college and the material taught in secondary schools. Students study the content and pedagogy appropriate for teaching high school curriculum content standards. They enhance their familiarity with national standards and the New Jersey Core Curriculum Content Standards and examine standards-based teaching and curricula in light of current education research. Students learn that problem solving is central to all of teaching and learning and that it is to be incorporated as a central theme in their own instructional practices. Students also examine research on how adolescents learn presented curriculum content, and they learn instructional strategies for teaching course work to children from diverse cultures and ability levels.
Professional Development

Regional Training Center Professional Development for Teachers

The School of Education at The College of New Jersey has partnered with the Regional Training Center (RTC) in order to provide graduate-level professional development coursework, as well as courses leading to a Master of Education in Educational Leadership – Instruction (see School of Education section). This affiliation merges TCNJ’s excellent reputation in higher education with the Regional Training Center’s comprehensive, relevant coursework.

All courses carry graduate credit in teacher education from TCNJ. Students who are interested in applying for matriculation into the Master of Education program and transfer/use of previous coursework should review https://graduate.tcnj.edu/regional-training-center/. Students who apply for matriculation into one of TCNJ’s other Master of Education programs may apply a maximum of 6 credits as elective credit, pending approval by the graduate program coordinator. Elective credit requirements vary by specialization, and students must contact their graduate program coordinator prior to registration for course approval.

For a full listing of courses (including new courses in English Language Learning Education and Technology in the Classroom) and to register for these courses please contact:

Directions to Campus

From I-80

From the New York State Thruway
Take the New York State Thruway/I-87 South. Take the I-287 South/Route 17 South exit. Merge onto I-287 South. Take the U.S. 202 South/U.S. 206 South exit. Continue on U.S. 202 South. At the Flemington Circle, continue on U.S. 202/31 South. Exit U.S. 202/31 onto Route 31 South (Trenton). Follow Route 31 South until the entrance to the College (about 1.5 miles past the junction of I-95, left at the fourth traffic light).

From I-95 South
(Delaware/Philadelphia International Airport)
Using I-95 North, continue into Pennsylvania, through Philadelphia. Continue on I-95/North into New Jersey. Take exit 72 (Route 31/Pennington Road). Bear to the right off the exit ramp onto Route 31 South. At the third traffic light (about 1.5 miles), make a left into the College entrance.

From Route 78 (Easton, PA and the West)
Take Route 78 East into New Jersey. Continue to exit 17 (Route 31 South/Flemington and Trenton). Continue south on Route 31 into the Flemington Circle. Take Route 202/31 South. Exit at Route 31 South (Trenton). Follow Route 31 South until the entrance to the College (about 1.5 miles past the junction of I-295, left at the fourth traffic light).

From the Pennsylvania Turnpike
(Pittsburgh, PA and Ohio)
Take the Pennsylvania Turnpike/I-276 East to the Philadelphia/U.S. 1 exit. Keep left at the fork in the ramp. Merge onto U.S. 1 North Lincoln Highway. Stay straight to go onto U.S. 1 North. Take the I-295 North exit toward Trenton. Merge onto Delaware Expressway/I-295 North. Proceed into New Jersey. Take exit 72 (Route 31/Pennington Road). Bear to the right off the exit ramp onto Route 31 South. At the third traffic light (about 1.5 miles), make a left into the College entrance.

From Long Island
Take the Verrazano Bridge to Staten Island. Stay on 278 West to Goethals Bridge. After crossing the bridge, take first exit for 95 South (NJ Turnpike). Follow directions from New Jersey Turnpike.

From the New Jersey Turnpike
(Newark International Airport and North)
Using the New Jersey Turnpike, travel south to exit 7A, Trenton and Shore Points. Follow signs to Trenton onto I-195 West. Follow signs marked I-295 Princeton/Camden. Exit at “I-295 North/Route 1/95 South/Princeton.” Continue on I-295 North to exit 72. Turn left at the exit ramp onto Pennington Road/Route 31 South toward Ewing. At the fourth traffic light (about 1.5 miles), make a left into the College entrance.

From the Atlantic City Expressway
Take the Atlantic City Expressway West (toward PA). The expressway ends at Route 42. Follow Route 42 North to I-295 North. Continue on I-295 North to exit 72. Turn left at the exit ramp onto Pennington Road/Route 31 South toward Ewing. At the fourth traffic light (about 1.5 miles), make a left into the College entrance.

From the College Entrance
Make a right onto the main access loop around campus. The information booth is on the left in front of Trenton Hall.

Railroad
From the Trenton Transit Center/AMtrak station, take the NJ Transit Mercer “601 The College of New Jersey” bus directly to campus.
