Graduate Certificate in Professional and UX/UI Writing

This program is not currently accepting new applications.

May be completed as part of the Master of Arts in Professional Studies.

12 credits

Program code: JOPW_CER01

The Certificate in Professional and UX/UI Writing prepares graduates to design and publish content across media platforms tailored to specific audience needs and organizational objectives. The certificate provides students with an introduction to foundational concepts in the theory, method and ethics of digital rhetoric along with immersion in the practical application of these theories in professional communications settings. This certificate is designed for recent graduates and professionals seeking enhanced skills and credentials in such applied communications fields as technical writing, user experience research, social media marketing, public relations, and online community management. The program can also benefit journalists seeking to broaden their skills and prepare for emerging career opportunities. The program emphasizes fundamental skills that can be applied to a variety of professional contexts.
